

FLEXIBLE SPENDING PLAN

IRS Section 125

Please retain a copy of this information for future reference.

IRS Section 125 (Flexible Spending Reimbursement) is available to you as an employee benefit. Flexible spending allows you to pay for certain expenses through a pre-tax payroll deduction which can result in *significant* tax savings. Your flexible spending claims will be processed every Wednesday beginning January 6, 2016. Please be aware if the scheduled processing day falls on a holiday or weekend your claims will be processed one business day prior. Plan your flex submissions accordingly.

HEALTH PLAN PREMIUMS

Your company sponsored health plan contributions can be paid with pre-tax dollars through payroll deduction. If Health Plan premiums are increased or decreased while this agreement remains in effect, your deduction will automatically be adjusted to reflect that increase or decrease. If you want your premiums taken after tax, you must indicate this in writing to the human resource department during the annual enrollment period.

MEDICAL/DENTAL REIMBURSEMENT

Your medical/dental reimbursement plan will allow you to pay for out-of-pocket expenses with pre-tax dollars. For any tax-deductible health care expenses not covered by a health plan or other insurance, you simply complete a Flexible Spending Claim Form, attach the appropriate bills/receipts or explanation of benefits from your other insurance carrier, and send it to SISCO.

Tax deductible expenses include deductibles, copayments-payments, dental and vision expenses. If you are covered under more than one plan, you will need to file a claim attaching the explanation of benefits from all plans.

Automatic Rollover:

If you are enrolled in your company's health plan administered by SISCO, claims will automatically be reimbursed for ineligible health plan expenses, deductibles, and any copayments with your Flexible Spending Account for these expenses to rollover automatically without filing a separate flexible spending claim. You need only to elect the Automatic Payment Authorization Section once each year to receive reimbursement. Do not sign up for automatic rollover if you have coverage under more than one plan.

DEPENDENT CARE ASSISTANCE

Your dependent care expense plan allows you to pay for expenses that are incurred for the care (daycare, babysitting) of a qualifying dependent, or for related household services and are incurred for you to be gainfully employed. Submit a claim form for dependent care expenses actually incurred and you will be reimbursed from your Flexible Spending Account with pre-tax dollars that were deducted from your payroll.

The IRS requires that Form 2441 be filed with your Federal Income Tax Return, if you participate in a dependent care plan, listing the providers name, address, and social security or tax I.D. number.

Advantages of a Flexible Spending Account

A Flexible Spending Account (FSA) allows you to save up to 30% on your eligible healthcare and/or dependent care expenses every year by using pre-tax dollars. Consider how much you spend on healthcare and/or dependent care expenses for you and your qualified dependents in one year:

- Prescription drugs/medications
- Medical/dental office visit co-pays
- Eye exams and prescription glasses/lenses
- Vaccinations
- Daycare tuition

By using pre-tax dollars, you are taxed on a lower gross salary, thereby saving money that would otherwise be spent on federal, state and FICA taxes, and thereby you increase your take home pay.

| Pre-Tax Savings Example | | |
|--------------------------------|-------------|----------|
| Gross Monthly Pay | Without FSA | With FSA |
| | \$3,500 | \$3,500 |
| Pre-Tax Contributions | | |
| Medical/Dental Premiums | \$0 | (\$125) |
| Medical Expenses | \$0 | (\$75) |
| Dependent Care Expenses | \$0 | (\$400) |
| Total | \$0 | (\$600) |
| Taxable Monthly Income | \$3,500 | \$2,900 |
| Taxes (federal, state, FICA) | (\$968) | (\$802) |
| Out of Pocket Expenses | (\$600) | \$0 |
| Monthly Take-home pay | \$1,932 | \$2,098 |

Based on the above graph, adding a flexible spending account can increase your net take-home pay by \$166/month. (This is for illustration only. Actual dollar amounts may vary.)

Frequently Asked Questions

- *Why do I want to participate?*
 - By signing a participating agreement, you agree to have your salary reduced by the agreed upon amount. Therefore, you are not responsible for federal income tax withholding or FICA on the amount of the reduction, thereby saving you 7.65% on FICA, plus whatever income tax you would be obligated to pay on this amount. While it's true that you forfeit unused money from your flexible spending account, you can still come out ahead even if you don't use all the money in your account.
- *When do I make my election?*
 - You need to make your election during open enrollment at your employer. This usually occurs once per year prior to the start of the new plan year. The start of the plan year may vary.
- *Can I change my benefit election mid-year?*
 - Medical reimbursement accounts can be changed with a qualifying event (i.e. marriage, divorce, death or a spouse or child, birth or adoption of a child, termination of employment of your spouse, or a change in work schedule). You may change your reimbursement election if you were enrolled in the plan prior to the qualifying event and you wish to change your election. Changes must be made within 31 days of the event.
 - Dependent care reimbursement accounts can be changed with a qualifying event (i.e. birth or death of a child, adoption of a child, dependent is no longer eligible for daycare, change in employment status thus changing the need for daycare, changing daycare providers, or a cost increase or decrease in daycare).
- *What happens if my reimbursement request exceeds the balance in my account?*
 - Your medical reimbursement account claims will be paid in full, up to the annual amount you have elected to have withheld for that plan year.
 - Dependent care reimbursement account claims will be processed and paid up to the balance in your account. If your claim exceeds that balance, SISCO will automatically reprocess your claims as your balance allows.
 - **Please note: the medical reimbursement account is separate from the dependent care account. Balances cannot be transferred from one account to the other.**
- *What happens to the money in my account if I should terminate employment?*
 - **You would be entitled to reimbursement for expenses which were incurred within the same plan year and before your termination date.** Your plan allows you to submit claims up to 180 days after termination in the plan.
- *What happens to any money left over at the close of the plan year?*
 - **FSA funds do not rollover.** Any money left over in your account at the close of the plan year is forfeited to your employer. Take precautionary steps, such as tracking account balances on our online system or contacting our customer service department at 1-800-457-4726. You may also contact our flexible spending department via email at siscoflex@siscobenefits.com.
- *When can I incur claims?*
 - Your plan year allows you to incur claims from January 1, 2016 through March 15, 2017. Your plan has elected a voluntary benefit known as grace period.
- *What is the filing deadline for claims submission?*
 - The filing deadline varies depending on your plan. You have 90 days to submit claims at the end of the plan year. The last day to submit claims is March 31, 2017.
