## 2021-2022 Verification Worksheet

Federal Student Aid Programs

### Dependent V4/V5

Your 2021-2022 Free Application for Federal Student Aid (FAFSA) was selected for review in a process called verification. The law says that before awarding Federal Student Aid, we may ask you to confirm the information you reported on your FAFSA. To verify that you provided correct information, the financial aid administrator at your school will compare your FAFSA with the information on this worksheet and with any other required documents. If there are differences, your FAFSA information may need to be corrected. You must complete and sign this worksheet, attach any required documents, and submit the form and other required documents to the financial aid administrator at your school. Your school may ask for additional information. If you have questions about verification, contact your financial aid administrator as soon as possible so that your financial aid will not be delayed.

If parents are not married to each other but still live together in the same household, both parents' information must be included. If the student's parents are divorced or separated, use the information for the parent the student lived with more during the past 12 months. If that parent is remarried, the data must also include the stepparent's information. A legal guardian, grandparent or foster parent is not considered a parent unless they have legally adopted the student.
