

UNIVERSITY *of*
DUBUQUE

Face-to-Face and Safe
FOR FALL 2021

UD's Commitment to Your
Face-To-Face Learning Experience

Welcome to Fall 2021 at the University of Dubuque!

UD is committed to a face-to-face learning experience this academic year as we welcome a return to living, working, and studying together as a campus community. You can expect:

- Face-to-face classroom instruction – this is essential to your academic experience. Remote class attendance will be available in limited and short-term situations.
- Continued support and encouragement of proven health and safety protocols across campus as we follow UD's new mantra: *Practice adaptability, patience, and forgiveness*.
- Access to COVID-19 tests and vaccines for students at the Smeltzer-Kelly Student Health Center. The student health center is a valuable resource for primary health care, brain health and counseling services, and dietary and wellness educational services. Visit www.dbq.edu for more information.
- Availability of single-use face coverings and hand sanitizer at stations throughout campus.
- Ongoing implementation of additional cleaning procedures of surfaces and high traffic areas.

- In-person student activities, performances, and intercollegiate athletics.
- One-on-one personalized academic support and advising for students.

Smeltzer-Kelly Student Health Center is a state-of-the-art facility that has a comprehensive treatment team that includes medical and brain health professionals. When students return for fall 2021, they will have access to COVID-19 testing and vaccine options.

Face coverings are optional, except in the Smeltzer-Kelly Student Health Center and at clinical sites or internship locations that require face coverings.

UD strongly encourages students, faculty, and staff to receive a COVID-19 vaccine. Please visit [WWW.VACCINES.GOV](https://www.vaccines.gov) to find locations that offer COVID-19 vaccines in the United States.

Students should go to the Smeltzer-Kelly Student Health Center for access to COVID-19 testing and vaccine options.

Questions about exposure, isolation, or quarantine? Visit WWW.DBQ.EDU/COVID-19

To our new and returning students, UD welcomes you! We look forward to living and learning together – in person – at the University of Dubuque.
