Title IX: Sexual Misconduct Policy

1. The University of Dubuque is committed to providing a learning, working, and living environment that promotes personal integrity, civility, and mutual respect in an environment free of discrimination on the basis of sex; which includes all forms of sexual misconduct. Sexual misconduct violates an individual’s fundamental rights and personal dignity. The University of Dubuque considers sexual misconduct in all its forms to be a serious offense. This policy refers to all forms of sexual misconduct, including but not limited to: sexual discrimination, sexual harassment, sexual assault, and sexual violence by employees, students, or third parties.

1.1. The University of Dubuque does not discriminate on the basis of race, color, creed, age, gender, sexual orientation, religion, national origin, veteran status, physical or mental disability, genetic information, or any other basis of prohibited discrimination in its programs and activities. This policy extends to employment with and admission to the University.

2. Title IX of the Education Amendments of 1972: No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal financial assistance.

an investigation at that time. The option to investigate could remain for up to 15 years after the reporting party attains eighteen years of age or older following an incident or three years from the date the offender is identified through DNA. Additional information can be found in Iowa Code 802.2 Statute of Limitations; Iowa Code 709.2-709.4 Citations for Crime.

8. Informal Procedure

8.1. Informal resolution procedures are optional and may be used when the University determines that it is appropriate. Informal procedures are never applied in cases involving violence or non-consensual sexual intercourse. Some allegations of sexual misconduct can be resolved through informal mediation between the parties as long both parties give voluntary, informed, written consent to attempt informal resolution.

8.2. Once a report of sexual misconduct has been made and if agreed upon by both parties, informal resolution procedures will be pursued by a Title IX Coordinator and will be resolved in a prompt, equitable, and unbiased manner. The reporting party and the respondent will be advised of any delays that occur during the process. For reports involving allegations against University employees, a Title IX Coordinator and Director of Human Resources shall jointly conduct an investigation.

8.3. Once the informal resolution procedure is complete, written notification to all parties shall be given by a Title IX Coordinator within one day of the determinations of findings.

8.4. The University will take all necessary steps to accommodate the needs of the involved parties. Examples of accommodations may include but not limited to: issuance of no contact directive, residence hall relocation, and adjustment of schedule, etc. These accommodations may be applied to one, both, or multiple parties involved.

If such reoccurrence takes place, those responsible for such behavior may be subject to actions under the Student Code of Conduct (Student Handbook) if they are a student. Employees or third parties may be subject to actions under the Employee Handbook policies. For examples of the range of potential actions and sanctions see the Student Handbook, Faculty Handbook, or Employee Handbook.

8.6. The use of the informal complaint and resolution procedure is optional. The University may not require the parties to participate in an informal resolution process. At any time, prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to a formal process. A presumption of innocence throughout the grievance process, with the burden of proof on the institution.

9. Informal Investigation

9.1. An investigation into the report shall be conducted by a Title IX Coordinator and both the Jeanne Clery Act and UD Handbook policies may apply. 9.3. The university may, in their discretion, consolidate complaints where the allegations arise out of the same facts.

9.4. The university will be responsible for the burden of gathering evidence and burden of proof. This is not the responsibility of the parties.

9.6. The university will send written notice of any investigatory interviews, meetings, or hearings.

9.7. The university provides rape shield protections for complainants deeming irrelevant questions and evidence about the complainant’s prior sexual behavior unless offered to prove that someone other than the respondent committed the alleged misconduct or offered to prove consent.

9.8. The university will protect the privacy of party’s medical, psychological, and similar treatment records by stating that the university cannot access or use such records unless the institution obtains the party’s voluntary, written consent to do so.

9.9. Involved parties are provided equal opportunity to present fact and expert witnesses and other inculpatory and exculpatory evidence and will not restrict the ability of the parties to discuss the allegations or gather evidence.

9.10. The university must dismiss allegations of conduct that do not meet the definition of sexual harassment or did not occur in a school’s education program or activity against a person in the United States. Such dismissal is only for Title IX purposes and does not preclude the university from addressing the conduct in any manner the institution deems
appropriate.

9.11. The university may, in their discretion, dismiss a complaint or allegations therein if the complainant informs the Title IX Coordinator in writing that:

- the reporting party desires to withdraw the complaint or
- allegations therein, if the respondent is no longer enrolled or employed by the school or
- if specific circumstances prevent the institution from gathering sufficient evidence to reach a determination.

9.12. The university must give the parties written notice of dismissal (mandatory or discretionary) and the reason for the dismissal.

9.13. Failure to comply with the terms of interim protections may be considered a separate violation of the Student Code of Conduct.

9.14. A resolution shall be determined at the conclusion of the investigation. Parties involved will be given notice of the outcome in writing typically within one day of the determination.

9.15. The involved parties may appeal within five (5) days from the date of the written determination regarding responsibility, and from a school’s dismissal of a complaint or any allegations therein, on the following bases:

- A procedural irregularity affected the outcome of the matter;
- New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
- The Title IX Coordinator, Investigator(s), or Decision-maker(s) had a conflict of interest or bias for or against Complainants or Respondents generally or the specific Complainant or Respondent that affected the outcome of the matter.

If any of the grounds in the Request for Appeal do not meet the grounds in this Policy, that request will be denied and the parties will be notified in writing of the denial and the rationale.

All appeals will be conducted in an impartial manner by one of the persons who did not conduct the initial investigation. The university may offer an appeal equally to both parties on additional bases.

9.16. The University shall take reasonable steps to prevent the reoccurrence of sexual misconduct of any form. If such reoccurrence takes place, those responsible for such behavior may be subject to actions under the Student Code of Conduct in the Student Handbook if they are a student. Employees or third parties may be subject to actions under the Employee Handbook policies. For examples of the range of potential actions and sanctions see the Student Handbook, Faculty Handbook, or the Employee Handbook.

11.13. The university must dismiss allegations of conduct that do not meet the definition of sexual harassment or did not occur in a school’s education program or activity against a person in the United States. If any of the grounds in the Request for Appeal do not meet the grounds in this Policy, that request will be denied and the parties will be notified in writing of the denial and the rationale.

All appeals will be conducted in an impartial manner by one of the persons who did not conduct the initial investigation. The university may offer an appeal equally to both parties on additional bases.

If such reoccurrence takes place, those responsible for such behavior may be subject to actions under the Student Code of Conduct in the Student Handbook if they are a student. Employees or third parties may be subject to actions under the Employee Handbook policies. For examples of the range of potential actions and sanctions see the Student Handbook, Faculty Handbook, or the Employee Handbook.

12. Conduct Hearing/Live Hearings & Cross-Examination (Formal Procedure Only)

12.1. A hearing shall be scheduled typically within 10 calendar days or within a reasonable amount of time. The investigation will be conducted in a prompt, equitable, and unbiased manner. This policy will be followed in accordance with the Title IX policy as well as the Jeanne Clery Act.

12.2. Determining Responsibility in Conduct Process:

All members of the University community found to have violated this policy will be sanctioned, up to dismissal from the University.

12.2.2. At the conclusion of this process, the University will provide written determination regarding responsibility with findings of act, conclusions about whether the alleged conduct occurred, rationale for the result as to each allegation, any disciplinary sanctions imposed on the respondent, and whether remedies will be provided to the complainant. All appeals will be conducted in an impartial manner by one of the persons who did not conduct the initial investigation. The university may offer an appeal equally to both parties on additional bases.

12.3. Cooperation with Law Enforcement

12.3.1. The University will comply with law enforcement requests for cooperation and such cooperation may require the University to temporarily suspend the fact finding aspect of a Title IX investigation while the law enforcement agency is in the process of gathering evidence. The University will promptly resume its Title IX investigation as soon as notified by the law enforcement agency that it has completed the evidence gathering process although the delay in the University’s investigation may be longer in certain instances.

12.3.2. The University will implement appropriate interim steps during the law enforcement investigation period to provide for the safety of the involved parties and the campus community and the avoidance of retaliation.

13. Retaliation

13.1. Retaliation: any adverse action, taken against a person participating in a protected activity, because of their participation in the protected activity. Subject to limitations imposed by the First Amendment, and/or academic freedom. Retaliation against an individual for an allegation, for supporting a reporting party, or for assisting in providing information relevant to an allegation is a serious violation of university policy.

13.1.1. The University of Dubuque strictly prohibits retaliation against any person for, in good faith, using this reporting procedure or for filing, testifying, assisting or participating in any investigation or proceeding involving allegations of sexual misconduct. Any person who violates this policy will be subject to discipline, up to and including termination if they are an employee and/or dismissal if they are a student.

13.1.2. Charging an individual with code of conduct violations that do not involve sexual harassment, but arise out of the same facts or circumstances as report or formal complaint of sexual harassment, for the process of interfering with a right or privilege secured by Title IX constitutes retaliation.

13.1.3. The school must keep confidential the identity of complainants, respondents, and witnesses, except as may be permitted by FERPA, as required by law, or as necessary to carry out a Title IX proceeding.
13.1.4. Complaints alleging retaliation may be filed according to the university's prompt and equitable grievance procedures.

13.1.5. The exercise of rights protected under the First Amendment does not constitute retaliation.

13.1.6. Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a Title IX grievance proceeding does not constitute retaliation; however, a determination regarding responsibility, alone, is not sufficient to conclude that any party made a bad faith materially false statement.

14. Confidentiality

14.1. Those who have experienced sexual misconduct should know that all University employees (Resident Assistants, Campus Safety & Security, staff members, etc.) excluding licensed professionals from the University Counseling Center and the ordained professionals in Campus Ministry, may relay disclosures of sexual assault to the police, either directly or through Campus Safety due to a continued threat to campus and/or to others that have a duty to respond. Because licensed professionals from the University Counseling Center and ordained professionals in Campus Ministry are not required to disclose knowledge of sexual misconduct reported to them, those who wish to discuss a situation in complete confidence should notify only the Counseling Center or Ordained Campus Ministry. Situations where confidentiality may be breached:

- Involved parties choose to allow certain information to be shared with specific individual(s) and sign a release of information allowing counseling services to share that information.
- There is serious and foreseeable harm to self or others.
- If involved parties report witnessing or experiencing some form of child abuse firsthand, counselors are mandated by law to report suspected child abuse.
- Court subpoena of records.

14.2. If one would like to report an incident or speak to someone and desire that details of the incident be kept confidential, they should speak with members of the Counseling Center, Ordained Campus Chaplain, or Riverview Center, who will maintain confidentiality to the extent permitted by law. Both Campus counselors and Riverview Center advocates are available to help free of charge, and can be seen on an emergency basis. In addition, involved parties may speak both on and off campus with clergy and chaplains.

14.3. All inquiries, allegations, complaints, and investigations are treated with discretion. Information will be shared only as law and policy require. However, the identity of the reporting party/complainant is usually revealed to the person(s) accused of such conduct.

14.4. The Title IX Coordinators shall maintain all information in secure files pertaining to an allegation, complaint or investigation.

14.4.1. Federal Statistical Reporting Obligations (Jeanne Clery Act): Certain campus officials have a duty to report violations of this policy for federal statistical reporting purposes. All personally identifiable information is kept private, but statistical information must be passed along to campus security regarding the type of incident and its general location (on or off-campus, or in the surrounding area without addresses) for publication in the annual Campus Security Report. This report helps to provide the community with a clear picture of the extent and nature of campus crime to ensure greater community safety.

14.4.2. Federal Timely Warning Reporting Obligations: Involved parties of sexual misconduct should also be aware that University administrators must issue timely warnings for certain types of incidents reported to them that pose a continued threat of bodily harm or danger to members of the campus community under the Jeanne Clery Act. The University will make every effort to ensure that the involved parties name and other identifying information is not disclosed, while
still providing enough information for community members to make safety decisions in light of the danger.

14.4.3. **Sexual Assault, Dating Violence, Domestic Violence, and Stalking**: Should the report be determined to not be a policy violation for Title IX purposes, UD will refer to the Jeanne Clery Act as well as the appropriate UD handbook policies.

15. Consequences

15.1. The University reserves the right to take whatever measures it deems necessary in response to an allegation of sexual misconduct in order to protect students’ rights and personal safety.

15.1.1. Such measures include, but are not limited to: modification of living arrangements, interim suspension from campus pending a hearing, and reporting to the police, etc.

15.2. Not all forms of sexual misconduct will be deemed to be equally serious offenses, and the University reserves the right to impose differing sanctions, ranging from verbal warning to expulsion, depending on the severity of the offense.

16.1. Clear and Present Danger: If, in the opinion of the Vice President for Student Engagement and Intercollegiate Athletics, a student is a clear and present danger to the community, the above individuals, in consultation with the President of the University, may suspend a student from the University pending a hearing and an appeal process.

16.2. Attempted violations

16.2.1. In most circumstances, the University will treat attempts to commit any of the violations listed in this policy or in the Student Code of Conduct as if those attempts had been completed.

16.3. The University as Complainant

16.3.1. As necessary, the University reserves the right to initiate a complaint, to serve as complainant, and to initiate conduct proceedings without a formal complaint by the reporting party/complainant.

16.4. False Reports

16.4.1. The University will not tolerate intentional false reporting of incidents. It is a violation of the Student Code of conduct to make an intentionally false report of any policy violation, and it may also violate state criminal statutes and civil defamation laws. Violations will result in sanctions, ranging from verbal warning to expulsion, depending on the severity of the offense.

16.5. Amnesty

16.5.1. The University community encourages the reporting of sexual misconduct and Code of Conduct violations. Involved parties may be hesitant to report to University officials because they fear that they may be charged with policy violations, such as underage drinking at the time of the incident. It is encouraged that involved parties choose to report to University officials to ensure that they receive adequate resources. While violations to policy cannot be completely overlooked, the University will provide educational options rather than punishment, in such cases.

16.6. Parental Notification
16.6.1. The University reserves the right to notify parents/guardians of dependent students regarding any health or safety emergency, change in student status or conduct situation, particularly alcohol and other drug violations.

16.6.2. The University may also notify parents/guardians of non-dependent students who are under age 21 of alcohol and/or drug policy violations.

16.6.3. Where a student is non-dependent, the University will contact parents/guardians to inform them of situations in which there is a health or safety emergency.

16.6.4. The University also reserves the right to designate which University officials have a need to know about individual conduct complaints pursuant to the Family Educational Rights and Privacy Act.

16.7. FERPA and Records

16.7.1. The outcome of a Title IX investigation involving students is NOT part of the education record of the student parties involved and is protected from release under a federal law (FERPA). Other than University suspension or probation, disciplinary sanctions shall not be made part of a student’s permanent academic record, but shall become part of the student’s confidential record kept in the Student Life Office. However, the University observes the legal exceptions that allow for notification of the parties involved and others whom the University determines to inform based on the law and this policy.

16.7.2. The University may release publicly the name, nature of the violation and the sanction for any student who is found in violation of a University policy that is a “crime of violence,” which may include: arson, burglary, robbery, criminal homicide, sex offenses, assault, destruction/damage/vandalism of property and kidnapping/abduction. The University may release this information to the reporting party/complainant in any of these offenses regardless of the outcome.

17. Educational Programming

17.1. The University of Dubuque recognizes sexual misconduct as an important issue. The University offers educational programming to a variety of groups such as: Campus Safety & Security, Residence Life, faculty, and staff, incoming students participating in orientation activities, resident and off-campus students, and members of student organizations.

17.2. Sexual misconduct educational programming may address matters such as: a definition of what constitutes sexual misconduct, the causes of and myths involved with sexual misconduct, the relationship between sexual misconduct and alcohol use, what to do if you are assaulted, the nature of a rape examination, an explanation of the University sexual misconduct policy, how to file charges within the University and/or with the local police department, and campus community resources to assist both the reporting party and the accused.

17.3. To learn more about the training, the Title IX team receives, please contact the Title IX coordinator.

19. Definitions and Examples of Sexual Misconduct.

19.1. **Sexual Misconduct:** any sexual behaviors that violates the University of Dubuque’s Code of Conduct and/or Title IX Policy. Prohibited conduct under this Sexual Misconduct Policy includes:

19.1.1. **Sexual or Gender Discrimination:** behaviors and actions that deny or limit a person’s ability to benefit from, and/or fully participate in the educational programs or activities or employment opportunities because of a person’s sex, sexual orientation, or gender.

19.1.1.1 Examples of sexual discrimination under Title IX include, but are not limited to, sexual harassment, failure to provide equal opportunity in education programs and co-curricular programs including athletics, discrimination based on pregnancy, and employment discrimination.

19.1.2. **Sexual Harassment:** Conduct on the basis of sex that satisfies one or more of the following:

19.1.2.1. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the recipient’s education program or activity.

19.1.2.2. An employee of the recipient conditioning the provision of an aid, benefit, or service of the recipient on an individual’s participation in unwelcome sexual conduct.

19.1.2.4. Retaliatory Harassment: Any harassing action (as defined above), taken against a person participating in a protected activity, because of their participation in the protected activity. Subject to limitations imposed by the First Amendment and/or academic freedom. Retaliation against an individual for an allegation, for supporting a reporting party, or for assisting in providing information relevant to an allegation is a serious violation of university policy.

19.1.3. **Sexual Exploitation:** when a person takes non-consensual or abusive sexual advantage of another for self-serving advantage or benefit, or to benefit or advantage anyone other than the one being directly exploited, and that behavior does not otherwise constitute one of other sexual misconduct offenses.

19.1.3.1. Examples of sexual exploitation include, but are not limited to: Invasion of sexual privacy; Prostituting another person; Non-consensual digital, video or audio recording of nudity or sexual activity; Unauthorized sharing or distribution of digital, video or audio recording of nudity or sexual activity; Engaging in voyeurism; Going beyond the boundaries of consent (such as letting your friend hide in the closet to watch you having consensual sex); Knowingly exposing someone to or transmitting an STI, STD, or HIV to another person; Intentionally or recklessly exposing one’s genitals in non-consensual circumstances, or inducing another to expose their genitals; and Sexually-based stalking and/or bullying may also be forms of sexual exploitation.

19.1.4. **Sexual Assault:** The term “sexual assault” means any sexual act directed against another person, without the consent of the victim, including instances
where the victim is incapable of giving consent.

19.1.4.1. Rape: The penetration, no matter how slight, of the vagina or anus, with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

19.1.4.2. Fondling: The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental incapacity.

19.1.4.3. Incest: Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

19.1.4.4. Statutory Rape: Sexual intercourse with a person who is under the statutory age of consent.

19.1.5. Stalking: Stalking is a course of conduct, directed at a specific person, on the basis of actual or perceived membership in a protected class, that would cause a reasonable person to feel fear. Repetitive and menacing pursuit, following, harassing, and/or interfering with the peace and/or safety of another or suffer substantial emotional distress. Any other university policies may fall within this section when a violation is motivated by the actual or perceived membership of the reporting party’s sex or gender.

19.1.6. Dating Violence: Violence committed by a person:

19.1.6.1. Who is or has been in a social relationship of a romantic or intimate nature with the victim; and

19.1.6.2. Where the existence of such a relationship shall be determined based on a consideration of the following factors: the length of the relationship; the type of relationship; the frequency of interaction between the persons involved in the relationship.

19.1.7. Domestic Violence: The term “domestic violence” includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction.

19.1.8. Consent: an informed, freely, and actively given communication that is mutually understood between all persons involved in the sexual encounter. Consent is active, not passive. Silence, in and of itself, cannot be interpreted as consent. It is the responsibility of the initiator of sexual contact to make sure they understand fully what the person with whom they are involved wants and does not want sexually. Consent to one form of sexual activity does not imply consent to other forms of sexual activity. Previous relationships or consent does not imply consent to future sexual acts.

19.1.8.1. Consent cannot be obtained by use of physical force, compelling threats, intimidating behavior, or coercion. Coercion is unreasonable pressure. Coercive
behavior differs from seductive behavior based on the type of pressure someone uses to get consent from another.

19.1.8.2. Effective consent is the basis of the analysis applied to unwelcome sexual contact. Lack of consent is the critical factor in any incident of sexual misconduct.

19.1.8.2.1. Effective consent cannot be given by an individual under the legal age of consent in Iowa, mentally disabled individuals in dependent care and/or who are (by diagnosis) unable to process and communicate effective consent, person’s incapacitated as a result of drugs, alcohol, or date rape drug [Possession, use and/or distribution of any of these substances, including Rohypnol, Ketamine, GHB, Burundanga, etc. is prohibited, and administering one of these drugs to another student is a violation of this policy], someone who is unconsciousness or someone in a state of blackout. Incapacitation is a state where one cannot make a rational, reasonable decision because they lack the ability to understand parameters of their sexual interaction.

19.1.8.2.2. Sexual activity with someone you know to be or should know to be incapacitated constitutes a violation of this policy.

19.1.8.2.3. The question of what the responding party should have known is objectively based on what a reasonable person in the place of the responding party, sober and exercising good judgment, would have known about the condition of the reporting party.

19.1.8.2.4. Incapacitation is a state where someone cannot make rational, reasonable decisions because they lack the capacity to give knowing consent (e.g., to understand the “who, what, when, where, why or how” of their sexual interaction).

19.1.8.3. Iowa Age of Consent Law:

19.1.8.3.1. Section 709.4 A person commits sexual abuse in the third degree when the person performs a sex act under any of the following circumstances... 2(c) The other person is fourteen or fifteen years of age and any of the following are true... (4) The person is four or more years older than the other person.

19.1.8.3.2. Section 709.15 forbids sexual intercourse between a school employee and person who is currently enrolled in or attending a public or nonpublic elementary or secondary school, or who was a student enrolled in or who attended a public or nonpublic elementary or secondary school within thirty days of any violation.

19.1.8.3.3. Iowa Age of Consent is 16 years old. In the United States, the age of consent is the minimum age at which an individual is considered legally old enough to consent to participation in sexual activity. Individuals aged 15 or younger in Iowa are not legally able to consent to sexual activity, and such activity may result in prosecution for statutory rape.
19.1.8.3.4. Iowa statutory rape law is violated when a person has consensual sexual intercourse with an individual under age 16. A close in age exemption allows teens aged 14 and 15 to consent to partners less than 4 years older. Regardless of age, it is also illegal for a school employee to engage in sexual intercourse with a current student or even a student who attended school within 30 days of such a violation.

19.1.8.3.5. Iowa has a close-in-age exemption. A close in age exemption, also known as "Romeo and Juliet law", is designed to prevent the prosecution of underage couples who engage in consensual sex when both participants are significantly close in age to each other, and one or both are below the age of consent. Depending on the situation, the Iowa close-in-age exemption may completely exempt qualifying close-in-age couples from the age of consent law, or merely provide a legal defense that can be used in the event of prosecution.

Appendix A - Student Pregnancy Policy

I. POLICY STATEMENT

The University of Dubuque is committed to protecting the rights of students to an educational environment free from discrimination, including discrimination on the basis of pregnancy, as required under Title IX of the Educational Amendment Act of 1972; the Violence Against Women Reauthorization Act (VAWA); Section 504 of the Rehabilitation Act of 1973 and the Americans With Disabilities Act.

This policy has been developed by the University to inform members of the campus community about the University policy applicable to pregnant and parenting students.

II. UNIVERSITY STUDENT STATUS ACTIONS

Students affected by pregnancy, childbirth or related medical conditions will be treated in the same manner as other students who are affected by a physical condition. This will occur in all aspects of student life, including but not limited to actions relating to enrollment, academic status and progress, and ability to participate in research, extracurricular activities, student employment and other educational opportunities.

All enrollment, participation, academic and other student status decisions are made without regard to stereotypes or assumptions about individuals affected by pregnancy, childbirth or related medical conditions.

University employees who violate the University’s policy against discrimination on the basis of pregnancy or pregnancy-related issues are subject to disciplinary measures, up to and including termination.

III. ANTI-HARASSMENT STATEMENT

The University will not tolerate harassment in the educational environment. Harassment based on a student’s pregnancy, childbirth, or related medical conditions (including breastfeeding) is unlawful and is prohibited.

Examples of prohibited conduct include, but are not limited to making sexual comments or jokes about a pregnancy, sexually charged name calling, spreading rumors about sexual activity, and making sexual propositions or gestures, if the comments are sufficiently serious that they interfere with a student’s ability to benefit from or participate in an educational activity.

IV. COMPLAINTS

Any student who believes they have been discriminated against on the basis of pregnancy or a pregnancy-related issue should file an immediate complaint with the appropriate party as indicated below. In the event that a complaint is filed against any person who has primary responsibility for implementing the procedures, the President of the University or designee shall determine the appropriate changes in personnel, and shall advise the parties in writing of how the complaint should be processed.

Report Discrimination by a Student To:

Nelson Edmonds
Vice President for Student Engagement and Intercollegiate Athletics
563.589.3867
NEdmonds@dbq.edu

Report Discrimination by a Faculty or Staff Member to:

Julie MacTaggart
Director of Human Resources/Title IX Coordinator
563.589.3619
All complaints of pregnancy discrimination will be investigated promptly and thoroughly.

The procedures used to address complaints of discrimination due to pregnancy or pregnancy-related issues will be the same as those utilized to address Title IX complaints. Procedures to address complaints of discrimination can be found here: https://www.dbq.edu/AboutUD/TitleIX/. Print copies of these procedures are available in the following offices: Office of Student Life, Office of Human Resources, and Smeltzer-Kelly Student Health Center.

Retaliation against an individual for reporting discrimination or for participating in an investigation is prohibited by Title IX and University policy. Examples of retaliation include intimidation, threats, coercion and may subject the offender to sanctions, regardless of whether or not the sexual harassment complaint has been substantiated.

V. DISCLOSURE OF PREGNANCY

A student who is, or becomes, pregnant is strongly encouraged to notify their faculty, and support personnel in the Office of Student Life and/or the Accessibility Services Coordinator as soon as possible. By doing so, the student and the University can collaborate and develop an appropriate plan for the continuation of the student’s educational progression, as well as particular challenges the student may face while pregnant or recovering from childbirth (e.g. missed classes, make-up work, etc.).

However, the choice to declare a pregnancy is voluntary, and a student is not required to disclose this information to the University.

VI. REQUESTING PREGNANCY ACCOMMODATIONS

Pregnant students may attend classes and participate in all educational activities until such time as they may choose to request a medical withdrawal or leave of absence/withdrawal from the University. Reasonable accommodations will be granted when necessary to enable the student to complete coursework, research and other educational and extracurricular activities.

A. Reasonable Accommodation:
   1. At a minimum, the following reasonable accommodations will be granted when appropriate:
      a. Allow opportunities to make up missed work, extend deadlines, and earn credit for tests, assignments, participation and attendance.
      b. Access to the same accommodation services that are provided to any student with a temporary medical condition must be available to students who are pregnant or experiencing pregnancy-related issues.
      c. Allowing a pregnant student to maintain a safe distance from hazardous substances.
      d. Modifications to the physical environment such as accessible seating or elevator access.
      e. Allowing breastfeeding students reasonable time and space to pump breast milk in a location that is private, clean and reasonably accessible.

B. Process for Handling Requests for Accommodations:
   1. In order to request a pregnancy-related accommodation, students should contact the Accessibility Services Coordinator, Academic Success Center, 205 Charles C. Myers Library, 563.589.3218 or KGKing@dbq.edu.
   2. As with all accommodation requests for temporary conditions, the student will be required to provide documentation of the pregnancy or related medical condition to the Accessibility Services Coordinator. The Accessibility Services Coordinator will determine such accommodations are necessary and appropriate, and will inform the faculty member of the need to adjust academic
parameters accordingly, in coordination with the Vice President for Academic Affairs located in Severance Hall, 563.589.3206 or JGreen@dbq.edu; if a student athlete, in coordination with Vice President for Student Engagement/Intercollegiate Athletics located in Stoltz Sports Center, 563.589.3867 or NEdmonds@dbq.edu.

3. Information about a pregnant student’s requests for accommodations will be shared with administrators and faculty on a limited need to know basis, only as necessary to implement the accommodation(s).

VII. PREGNANCY LEAVE OF ABSENCE OR WITHDRAWAL

A registered student at any level (certificate, undergraduate, graduate) may choose to take a leave of absence/withdrawal, or a medical withdrawal for pregnancy, pregnancy-related issues or birth of a child. Birth parents may take a leave up to one full academic year, unless there is a medical reason for a longer absence, without being required to re-apply for admission. No re-admission process will be required in cases when the leave of absence exceeds one year out of medical necessity. Non-birth parents may take a leave of absence/withdrawal up to one full semester without being required to apply for re-admission.

Any student, whether full-time or part-time, wishing to withdraw from school prior to the end of the term, must complete an online withdrawal form, found at www.dbq.edu/Academics/Registrar/OfficialWithdrawal/, by the last date to withdraw for the term (see published academic calendar).

The request will be reviewed and processed by the Office of Admission. Because withdrawal from courses may affect financial aid, a student should consult with the financial planning office prior to withdrawing from school.

A letter grade of “W” will be assigned to each course unless a final grade has already been recorded. Students needing to withdraw from school after the deadline but before the term ends, will first need to seek approval from the Academic Affairs Office.

Exceptions to the withdrawal policy may include reasons such as medical, bereavement, or military deployment. If the withdrawal after the deadline is approved, the student will have the following options:

1. Receive a grade of “W” for all courses that term.
2. Receive a letter grade for any course for which the instructor of the class believes sufficient work has been completed. An Incomplete grade will only be assigned if the instructor agrees and if a specified date for completion of remaining work is on file in the Registrar’s Office.

Students leaving the College without officially withdrawing will have their work evaluated on the same basis as other students, and appropriate grades will be assigned by their instructors.

Students wishing to withdraw from school after the conclusion of the term must complete the online withdrawal form, found at www.dbq.edu/Academics/Registrar/OfficialWithdrawal/.

In circumstances when a physical or mental illness prevents an enrolled student from completing the semester and an incomplete grade is not warranted or feasible, a student, guardian, or appropriate University of Dubuque administrator may request a medical withdrawal from school. These withdrawals must be thoroughly documented and requested in writing to the Academic Affairs Office no later than 30 days after the last day of class attendance or by noon on the last day of classes, whichever occurs first. In cases of medical withdrawals, students receive a grade of W in all courses in progress at the time of the withdrawal, unless a final grade has already been recorded. Information can be found at: https://www.dbq.edu/Academics/Registrar/AcademicCatalogs/
VIII. RETURNING FROM LEAVE

A. All Students
1. Any student returning from a leave for pregnancy or birth of a child is entitled to return to the same academic program and same standing in the University with no loss of standing, credit, progress, grade point average, or other rights or privileges.
2. The University will take reasonable steps to ensure that an enrolled student at any level (certificate, undergraduate, graduate) who was in good academic standing prior to the leave of absence shall return to good academic standing in their program or course of study, as long as the duration of their leave is consistent with this policy and the policies of the University.
3. There is no requirement to provide any documentation prior to returning from a leave. If the student will require accommodations upon return from the leave, they must notify the Accessibility Services Coordinator of their pending return to initiate this process.
4. If a student does not return from the medical withdrawal or withdrawal/leave of absence for the semester immediately following the end of their approved leave, the student must submit a readmission application with the Office of Admissions by the established admissions deadlines.

B. Graduate Students
1. A graduate student who chooses to take a leave of absence due to pregnancy or birth of child will be granted an extension of time upon return as follows:
   a. Preliminary and Qualifying Examinations: The birth parent will be allowed a period consistent with University policies or a period of 12 months. The non-birth parent shall be allowed a period consistent with University policy or one month, to prepare for and take preliminary and qualifying examinations.
   b. Time to Degree: The time to degree requirement for a student who has taken a leave of absence for pregnancy or birth of a child will be extended for the period of time equal to the length of the leave of absence, unless a longer extension is medically necessary. For the non-birth parent, the time to degree must be extended at least one month, unless a longer period or extension is medically necessary to care for the student’s partner or their child.
2. Please check with your specific graduate program for further policies regarding examinations and time to degree requirements (i.e. Physician Assistant Program).

IX. PREGNANCY RELATED ABSENCES

Student absences due to pregnancy and related conditions, childbirth, or recovery from childbirth will be excused. Doctor’s notes are required only in cases when they are required of any other student who has a physical or emotional condition requiring treatment by a doctor, or who has been hospitalized for other conditions.

X. LACTATION STATIONS & INFORMATION

The University provides a lactation room for breastfeeding students. These spaces provide an area where students are shielded from view and free from intrusion. Refrigeration/storage is not provided in the rooms; users will need to provide their own cooler with ice pack for storage purposes. Lactation rooms must be scheduled before use by contacting the Office of Student Life located in Peters Commons, 563.589.3519 or BKyeiNimakoh@dbq.edu or at Smeltzer-Kelly Student Heather center, 563-589-3360 or StudentHealthCenter@dbq.edu.
As mandated by law, a breastfeeding student may take a reasonable amount of time to express breast milk for her nursing child for 1 year after the child’s birth, each time such student has the need to express the milk.

XI. DISTRIBUTION OF THE POLICY

This policy shall be made available annually to all faculty, staff and employees, and distributed to all students attending orientation sessions at the University.
