

UNIVERSITY OF DUBUQUE

TRANSFER-MAJOR PATHWAY TO COMMUNICATION

Community Reach 99

Transfer majors are an affordable and direct pathway to the completion of a bachelor's degree. With the University of Dubuque's Community Reach 99, we've removed the barriers to completing your undergraduate degree.

Cost

Tuition for eligible transfer-major graduates, before federal and state aid, will be less than an Iowa public university.

Transfer Credits

Academic courses that you've taken will transfer and you could graduate in two years or less.

Transfer Agreements

Degree completions can be achieved through one of the following degree completion tracks: Biology, Business, Chemistry, Communication, Criminal Justice, Mathematics, Psychology, Sociology, or Theatre.

Other Degrees

An associate of science degree in Biology or Chemistry can also lead to a bachelor of science in Medical Science or Biomedical Science in two years. For further information on Community Reach 99, visit www.dbq.edu/communityreach99.

Communication

Transfer students with an AA in Communication from an Iowa Community College who wishing to gain a BA in Communication can complete their degree requirements in two years at the University of Dubuque.

A BA in Communication prepares students for careers in the private, government, and non-profit sectors. Additionally, this program provides an excellent foundation for those pursuing graduate school. Students transferring to the University of Dubuque will receive 1:1 transfer credits for the following major requirement course:

- **COM 101 Speech Communication**
- **COM 210 Interpersonal Communication**
- **COM 250 Introduction to Mass Media**

COMMUNICATION

This transfer-major pathway removes 9 of the 40 required credits from the degree program. In addition, some Communication electives taken at an Iowa Community College will also likely transfer in to cover communication requirements at the University of Dubuque. Students choosing this transfer pathway will be able to graduate in two years or less by following the recommended BA Communication degree plan:
