Community Reach 99

Transfer majors are an affordable and direct pathway to the completion of a bachelor's degree. With the University of Dubuque's Community Reach 99, we've removed the barriers to completing your undergraduate degree.

Cost

Tuition for eligible transfer-major graduates, before federal and state aid, will be less than an Iowa public university.

Transfer Credits

Academic courses that you've taken will transfer and you could graduate in two years or less.

Transfer Agreements

Degree completions can be achieved through one of the following degree completion tracks: Biology, Business, Chemistry, Communication, Criminal Justice, Mathematics, Psychology, Sociology, or Theatre.

Other Degrees

An associate of science degree in Biology or Chemistry can also lead to a bachelor of science in Medical Science or Biomedical Science in two years. For further information on Community Reach 99, visit www.dbq.edu/communityreach99.

Sociology

Transfer students with an AA in Sociology from an Iowa Community College wishing to gain a BA in Sociology will be able to complete degree requirements in two years at the University of Dubuque.

A BA in Sociology will prepare you for careers in human and social services, not-for-profit organizations, government, and a wide array of other professional fields. In addition, this program also provides students with an excellent foundation to pursue graduate school. Students transferring to the University of Dubuque will earn 1:1 transfer credits for the following major requirement courses:

- **SOC 111 Intro to Sociology**
- **SOC 112 Contemporary Social Problems (SOC Elective)**
- **SOC 210 Kinship (SOC Elective)**
- **SOC 222 Intro to Cultural Anthropology (SOC Elective)**

SOCIOLOGY

This transfer pathway removes 12 of the 34 required credits from the degree program. In addition, some sociology electives taken at your Iowa Community College will also likely transfer in to cover sociology requirements at the University of Dubuque.
