

ASHLEY GLENNON (C'26)

My name is Ashley Glennon, and I am a senior majoring in sport marketing and management with a minor in economics. I enjoy being involved on campus and a member of the volleyball team, track and field team, student athlete advisory committee, and serving as the president of the sports marketing and management club. After graduation, I will continue my education through the master's program at The Ohio State University, where I will also work as a graduate assistant for the athletic facilities.

The support UD receives has allowed me to experience things that I never would have, had I not come here. Not only are the athletic facilities top-tier, but I have also made connections that have given me the opportunity to travel and work across the country, gaining experience in the sports world. For the second year in a row, I will be working the Super Bowl due to an amazing connection here at UD. I just want to say thank you for those who support the University of Dubuque because without them, none of this would be possible!

UNIVERSITY *of* DUBUQUE
