

ALEXANDRA HOFRICHTER (C'27)

My name is Alexandra, and I am a sophomore at UD, double majoring in communication and psychology. I am a proud member of the women's wrestling team, and am involved in TRIO, the National Society of Leadership and Success, and the Dubuque Regional Training Center. Being involved on campus has helped me build strong connections and feel deeply engaged in the community.

The generosity of UD donors has played a crucial role in my experience. Financial support has allowed me to attend UD, work toward my goals, and compete at the collegiate level. To those who invest, thank you! Your contributions directly impact our futures, and I am truly grateful. After graduation, I dream of owning and operating a farm. I hope to carry on my family's tradition of working with livestock, crops, and sustainable agriculture.
