

*"I'm really thankful for the support that has made UD feel like a second home with great facilities and events. The scholarships, especially the dean's scholarship, made it possible for me to attend UD, and I'm grateful for that. I hope I can give back to UD and help aid in someone else's education in the future!"*

### **Can you tell us about yourself?**

I am a freshman studying elementary education with an endorsement in K-8 Reading. I have a disability called Spina Bifida and I hope to be an advocate for others!

### **What are you involved in?**

I am on the Cheer and Stunt Team, Fellowship of Christian Athletes, and Salt Co.

### **What makes UD special?**

The people! Whether it's faculty, staff, or my classmates, I know at the end of the day the people at UD have my back. This place has also facilitated some of my new found friendships that will last a lifetime!

### **What are your plans for after college?**

I hope to find a job in an elementary school and have a classroom of my own! I also hope to obtain a masters degree to excel my education further.
