

What is your major?

I majored in communication with a minor in business.

What are you involved in?

During my time here, I was on the soccer team, and The National Society of Leadership and Success.

What made you chose UD?

I joined the soccer program initially due to recruitment and its success but decided to stay all four years due to the great curriculum, especially from the communication department! I also enjoyed Campus Ministry.

Any plans for after graduation?

I am planning on continuing my education in my home country of Sweden and continuing my soccer career.

“I would like to thank those who support this University. You are the reason why so many students are able to chase their dreams!”
