MISSION, VISION, and VALUES

The University of Dubuque is a private university offering undergraduate, graduate, and theological Seminary degrees, and other educational opportunities with the intention of educating and forming the whole person. The University is comprised of individuals from the region, our nation, and the world.

As a community, the University practices its Christian commitments by educating students, pursuing excellence in scholarship, challenging students to live lives of worth and purpose, and preparing students for service to the church and the world.

Therefore, the University of Dubuque is committed to:

- A hospitable Christian environment which respects other faith traditions;
- Relationships which encourage intellectual, spiritual, and moral development;
- Excellence in academic inquiry and professional preparation;
- A diverse and equitable community where Christian love is practiced;
- Stewardship of all God's human and natural resources; and
- Zeal for life-long learning and service.

Developed and reaffirmed by the Board of Trustees, May 2016.

WENDT CHARACTER INITIATIVE

Shaping Character for Lives of Purpose

Character is about excellence as a whole human being in every aspect of one's life. It's about striving to be the best person one can be—being all God created us to be. Our goal is to be excellent persons:

- People of integrity whose lives are characterized by truthfulness, honesty and stewardship;
- People of justice who treat all people fairly, respect diversity, and practice Christian love;
- People of compassion who live by the Golden Rule in service of others.

The Wendt Character Initiative seeks to promote a culture of character within the lives of the University of Dubuque's faculty, staff, and students, and to equip them to live out that character in service to the world. The Initiative is integrated into the curriculum, athletics, and student life, as well as sponsors particular programming, such as the Wendt Character Scholars, campus Character Lectures, faculty support, campus orientations, and an on-line research journal.

OFF-CAMPUS CO-CURRICULAR DISCLAIMER

Students and faculty at the University of Dubuque are encouraged to take advantage of the diversity of educational opportunities and experiences available within the vicinity of the University. Students will be encouraged to attend campus events and, from time-to-time, to engage in off-campus activities that supplement on-campus instruction and activities. Students will often be required to provide their own transportation to and from off-campus activities and events that occur in the tri-state area. The University of Dubuque will generally provide assistance with transportation upon request by a student, but assumes no obligation to do so. Students are required, as a condition of their enrollment, to assume all risk and liability associated with their transportation to and from, and attendance at, off-campus experiences whether for required or voluntary activities.

UNIVERSITY POLICIES AND PROCEDURES ACADEMIC LIFE AT THE COLLEGE

The University of Dubuque's goal is to provide you with a high-quality education. We will help you acquire the knowledge and skills that lead to a rewarding career. We will also encourage you to lead a meaningful life centered in service to the campus, your future community, and the world. Education at the University of Dubuque takes place both in the classroom and through your involvement in residence hall programs, student activities and organizations, athletics, campus ministry, student government, and service to the community.

There are opportunities to learn and grow everywhere. Getting an education involves learning about yourself, the world around you, and about what it means to be human. This can often be a challenge, but one of the great things about the UD community is that we are committed to helping you through this process of growth and change. You have joined a community of students and educators who are all learning. You will gain experience working on individual assignments as well as collaborating on projects as part of a team. You'll learn to think about your thinking; to question ideas that you have always taken for granted; to explore the foundations and implications of your attitudes; and to appreciate the insights of other people and cultures as they have searched for meaning, understanding, and hope. Throughout, study at the University of Dubuque takes place in a community where, as our vision says, "Christian commitment, intellectual integrity, and academic excellence are the basis for learning."

We expect great things of you. We expect that you will contribute frequently to classroom discussion. We expect you to wrestle with new ideas and present ideas of your own. We expect you to read and to explore forms and images in print and on-line. We expect you to support your classmates and to learn from them. We also know that you will make mistakes along the way. Each honest mistake is an opportunity for reflection and learning. Lifelong learning is our goal for you, and our standards are high. We will challenge you to develop your full potential. Education is a privilege. Students who are granted this privilege have a great opportunity, as well as a great responsibility, to use their education to be productive and contributing members of society.

ACADEMIC INTEGRITY

Graduate, Seminary, and LIFE students – See specific information provided in your program handbook.

The University of Dubuque expects students to be honest in academic matters. We expect each person on campus to be forthright and direct, and to value integrity in all his/her dealings. Activities and attitudes should be consistent with high academic standards, Christian commitment, and with the Mission and Values of the University.

Please see the Values Violations section for appropriate definitions, procedures, and possible sanctions related to Academic Dishonesty.

CLASS ATTENDANCE

One of the biggest differences between students who succeed in college and those who fail is class attendance. Even if you have a detailed syllabus, you cannot know what professors are emphasizing unless you attend class. When you are in class, you will have experiences that will help you build your own understanding. You will profit from in-class assignments. You will have up-to-date information about mid-course schedule changes and content additions or deletions. You will develop a network of classmates with whom you can form study groups. Most importantly, you will get to know your professors, and they will get to know you and understand that you are trying hard and are motivated to do well. These impressions can positively affect the way you are evaluated.

If you miss class due to illness, athletics, or any other reason, you are responsible for notifying your instructors of the reason for the absence and developing a plan for making up any missed work (if allowed by the instructor.) Student-athletes participating in an athletic event will be excused from classes provided that they have an acceptable attendance record in the class. It is the responsibility of the student to notify the instructor in advance of any absences and it is up to the individual student to make arrangements to make up any missed work. Only the instructor can determine the impact the absence will have on the student's final grade.

The Office of Student Life is available to students to send an official notification to students' professors in an emergency situation or when a sensitive condition exists that necessitates students missing classes (e.g., an emergency, death in the family, funeral services, family or personal illness, mental health situations, etc.) In these circumstances, please call 563.589.3128, or stop by the Office of Student Life in Peters Commons for assistance. The Dean's office will send an email to the student's professors that serves as official notification of the absence, but only faculty can grant excused absences. The student is encouraged to contact their professors personally, when and/or if able, to share what details they feel comfortable with, as well as about any make-up work or tests that may have been missed during the absence.

Students should take a *Student Medical Referral Form* to all medical appointments so the physician can indicate if the student should be medically released from participating in athletics or classes.

The Smeltzer-Kelly Student Health Center office is available to assist students in making a medical, dental, or other appointment as needed. Staff will provide the student a *Medical Referral Form* when their appointment is arranged. If the student arranges their own appointment and is advised that they

not participate in athletics or attend class, medical documentation should be turned into the Smeltzer-Kelly Student Health Center office for verification.

For the health and safety of the student and the UD community, if you have a contagious illness, you must notify the Smeltzer-Kelly Student Health Center (563.589.3360 or StudentHealthCenter@dbq.edu) as soon as possible. If the medically verifiable absence is significant, the student is encouraged to contact the Academic Dean's Office in Academic Affairs to discuss their available academic options.

FERPA (Family Educational Rights and Privacy Act)

As custodian of student records, in compliance with the Family Educational Rights and Privacy Act (FERPA) of 1974 and amended in 1998, the University assumes the trust and obligation to ensure the full protection of student records which includes maintaining the confidentiality of educational records. The University has developed policy guidelines for access to educational records with respect to the rights of eligible students and parents of dependent eligible students. Educational records maintained by the University are considered confidential, except for directory information and information that is exempt from the need for consent. Information that may be disclosed may be released publicly in verbal, printed, electronic, or other form. The administrative procedures outlined in this section are to be compiled by University personnel who have or accumulate educational records, which are in a personally identifiable form. Students may direct questions regarding FERPA and the regulations to the Registrar and the Vice President of Student Engagement and Intercollegiate Athletics in Student Life.

ACCESS TO STUDENT RECORDS

The FERPA policy affords students certain rights with respect to their education records. They are:

1. The **right to inspect and review the student's education records** within 45 days of the day the University receives a request for access. Students should submit to the Registrar, Dean, Head of the Academic Department, or other appropriate official, written requests that identify the record(s) they wish to inspect.

The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, the official shall advise the student of the correct official to whom the request should be addressed.

2. The **right to request the amendment of the student's education records** that the student believes to be inaccurate or misleading. Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write the University official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The **right to consent to disclosures of personally identifiable information** contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person, company, or agency with whom the University has contracted (such as an attorney, auditor, or collection agent); a person on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
4. The **right to refuse to let the institution disclose designated directory information**. The University has designated the student's name, UD assigned e-mail address, academic program, academic level, current enrollment status, attendance dates, degrees and awards received as directory information. If a University student does not want any or all the information designated as directory information, he/she must complete the *Non-Disclosure Form* (available in the Registrar's Office).
5. The **right to file a complaint with the U.S. Department of Education** concerning alleged failures by the University to comply with the requirements of FERPA. The name and address of the office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202-4605.

ELECTRONIC DEVICES IN THE CLASSROOM

The University of Dubuque aims to provide an optimum environment for teaching and learning. To this end, we encourage all members of the campus community to be considerate in their use of cell phones and other electronic communication devices. No conversation on a cell phone should take place when a class, meeting, or other public event (such as convocation or concert) is in progress. In general, all electronic devices should be turned off inside the classroom. When it is necessary to leave such devices turned on, however, all members of the University of Dubuque community should make every effort to receive only non-audible signals. Faculty members may establish specific policies for the use of electronic devices in their classrooms. Students will be informed of the policies by the individual instructor at the beginning of the term.

INVOLUNTARY MEDICAL WITHDRAWAL

The University reserves the right to withdraw a student if it feels that the safety of the student and/or its members could be jeopardized and has documented information which could suggest a serious medical condition that has obstructed one's educational attendance, participation, or residential life in a designated semester. A recommendation in favor of an involuntary medical withdrawal will be submitted to the Vice President of Student Engagement and Intercollegiate Athletics and/or the Vice President for Academic Affairs. Recommendations for Involuntary Medical Withdrawal are made only after extensive involvement with a student in an effort to support voluntary withdrawal has been established and after alternative actions have been exhausted.

GRIEVANCE PROCEDURES

Students wishing to file a grievance should do so through the following offices:

- Undergraduate Academic Issues: Vice President for Academic Affairs or Dean for Undergraduate Studies, Academic Affairs Office, Severance Hall, Room 104 or 115.
- Graduate & LIFE Academic Issues: Dean for Graduate & Adult Studies, Academic Affairs Office, Severance Hall, Room 115.
- Physician Assistant Program: P.A. Program Director Office, University Science Center.
- Seminary Issues (Academic/co-curricular): See process in Seminary Handbook.

If a student is unsure whom to contact or how to proceed, the student should consult the Vice President for Academic Affairs (Severance Hall, Room 104, 563.589.3202).

CAMPUS LIFE

Student Activities 563.589.3583

The Office of Student Activities (OSA) offers a wide variety of activities for the student body. OSA advises student organizations, plans programs for all students, and oversees Homecoming activities. OSA also advises in the planning and implementation of campus-wide social programming, advises student organizations, and assists in advising the Student Government Association (SGA). OSA is also the hub for all active student organizations' communications, finances, and event coordination. Additional information about OSA can be obtained by visiting the Office of Student Activities (Smith Welcome Center, Room 263), email (OSA@dbq.edu), or visiting the OSA website or the Campus Groups portal.

Student Organizations

There currently are more than 25 student organizations on campus. Most of these organizations sponsor events for the entire UD community throughout the year and offer students' leadership, professional development, and travel opportunities. For more information on student organizations, please contact the Office of Student Activities (OSA) at OSA@dbq.edu, or visit the OSA website or the Campus Groups portal.

Starting a New Student Organization

Any student or group of students may start a new organization on campus if they see a need not being met by current organizations or through programming events and activities. To start a new student organization, you must submit a petition for recognition as a student organization following the process described below. Please visit the SGA CampusGroups group page to access petitions forms under their "Surveys and Forms" tab.

A petition for recognition shall include: 1) Application for Student Organization Recognition Form, which includes the name and purpose of the organization, signatures of interested student(s), and signature(s) of the proposed advisor(s); 2) constitution and bylaws; and 3) information regarding any

national, state, or local affiliations. A model constitution is available from the Director of Student Engagement and Services for you to use as a basis for writing one for your organization.

In order for a new organization to be recognized, this petition must be approved by the Director of Student Engagement and Services, the Student Government Association, and the Vice President of Student Engagement and Intercollegiate Athletics. The Director of Student Engagement and Services will first review the petition and go through the constitution and bylaws in detail with the organization. Once the Director has approved the petition, it will be forwarded to the Student Government Association (SGA) for approval. The SGA president will contact the organizer to let them know what date to attend the SGA meeting to present their petition. If approved by SGA, the Vice President of Student Engagement and Intercollegiate Athletics will then review the petition for final approval.

Student Organization Policies

Privileges of Recognized Student Organizations

Official recognition by the OSA, SGA, and the Vice President of Student Engagement and Intercollegiate Athletics grants the following privileges to student organizations, subject to official procedures and regulations:

- Ability to reserve University facilities.
- Permission to advertise on campus and to the college community in a broad manner.
- Eligibility to request allocation of funds from the SGA.
- Right to establish dues and sponsor fundraising projects.
- Eligibility for awards and honors given to University organizations.
- Inclusion in the student organizations list on the OSA webpage and new student involvement forms.
- Participation in the bi-annual Campus Resource Fairs, with advanced registration.
- Use of student organization resources available in the OSA including poster paper and markers, colored copy paper, and computers.

Responsibilities of Recognized Student Organizations

Official recognition by the OSA, SGA, and the Vice President of Student Engagement and Intercollegiate Athletics requires student organizations to uphold the following responsibilities:

- Attend monthly SGA student organization forums, typically held the first week of each month.
- Complete an annual registration form in the spring of each year or at the time of officer transition, and maintain registration throughout the year by keeping officer information current with the Director of Student Engagement and Services.
- Abide by the organization's constitution and bylaws and submit any changes to the Director of Student Engagement and Services.

Failure to uphold these responsibilities may result in action taken by SGA or the OSA.

Recruitment and Initiation for Membership

The following policies must be followed by all organizations that require students to go through a formal recruitment and initiation activities before they become members. This process was formally known as "pledging." This includes, but is not limited to, social fraternities and sororities. Failure of organizations to properly complete these procedures will result in a review of their organizational

status by the Director of Student Engagement and Services, and the Vice President of Student Engagement and Intercollegiate Athletics. This may result in loss of their current recruitment class, suspension of organizational privileges, revocation of the group's approval from the University, and/or disciplinary action toward the organization and/or individual members.

All organizations conducting formal recruitment and initiation activities must submit a detailed list of all activities and have all activities approved by the Director of Student Engagement and Services, or his or her designee. This includes any group or individual activities that potential new members are asked to participate in during the recruitment and initiation process. Asking potential new members to change their appearance in any way or carry any items is also an activity and must be detailed on that form. Failure to complete this form by the due date will result in no recruitment activities being allowed by that organization for that recruitment period, and therefore no recruitment class for that organization.

All organizations must have a faculty or staff advisor in attendance at all of their initiation week events. The faculty or staff advisor should also be encouraged to attend all other recruitment activities.

All active members and potential new members must attend an informational meeting with the Director of Student Engagement and Services, or his or her designee, before the start of recruitment. If active members do not attend their meetings, the organization will be ineligible to have a recruitment class. Any potential new members that are not in attendance at their meeting will be ineligible to participate in recruitment.

All potential new members must maintain academic responsibilities during recruitment. In this effort, all potential new members must have at least a 2.0 GPA (cumulative on a 4.0 scale) based on the fall semester prior to new member orientation in order to participate. The Office of Student Activities will check the GPA of potential new members, and during recruitment and initiation all potential new members will be required to submit weekly signed class attendance sheets to the Director of Student Engagement and Services, or his or her designee. Any potential new members who do not submit completed and signed attendance sheets by the set deadlines will automatically be removed from the recruitment process. Individuals removed from the recruitment process will be unable to attend recruitment or initiation activities, and will not be members of the organization.

Recruitment and initiation activities must not begin prior to 8:00 a.m. and must end no later than midnight on Sunday-Thursday and 1:00 a.m. on Friday-Saturday. The period between these times shall be free time for the potential new members to do as they wish and cannot be used for completion of recruitment responsibilities.

Recruitment and initiation activities are limited to eight (8) total hours Sunday-Thursday. All recruitment and initiation activities must not exceed three (3) total hours per day Sunday-Thursday. Recruitment and initiation activities are limited to twelve (12) total hours Friday-Saturday. All recruitment and initiation activities must not exceed seven (7) total hours per day Friday-Saturday. Certain approved all-Greek activities may not be included in the hours.

No recruitment or initiation activities may be conducted in the dining hall during meal times, in classrooms during class sessions, or in the library at any time.

At no time is alcohol allowed in recruitment activities, whether in liquid or previously consumed; nor shall drugs or non-prescribed medications be allowed. This includes potential new members, active members, alumni, brothers/sisters, and anyone else at the recruitment activity.

Such actions and situations include, but are not limited to:

- Forcing or requiring the drinking, eating, or injecting of any substance.

- Requiring a person to carry an animal, fish, bird, or reptile (living or dead).

- Morally degrading or humiliating games or activities.
- Wearing apparel that is not suitable for weather conditions.
- Verbal abuse.

HOUSING INFORMATION

Appliances

In traditional residences and pod-style residence halls, UL (Underwriter's Laboratories) appliances, such as a hair dryer, curling iron, Keurig, etc., are allowed. Stereos, video players, and televisions are also allowed. Ceiling fans, washers, dryers, and floor space heaters are **not allowed**. Air conditioning units (AC) are only allowed with completed and approved medical documentation. Contact the Smeltzer-Kelly Student Health Center for the required form. Once a student is approved for an AC unit, the Office of Residence Life will contact the student with details on AC size requirements and the installation process by UD's facilities staff. It is the student's responsibility to purchase the correct AC unit, and should not purchase the unit until the correct approvals have been secured. UD does not supply individual AC units for students. The application process includes approval by both the Smeltzer-Kelly Student Smeltzer-Kelly Student Health Center office and the Office of Residence Life.

Assignment of Housing

It is the understanding of the University and the student that all housing assignments are subject to availability. Housing and roommate assignments are made through the Office of Residence Life. To reserve a space, students must complete the University admission process, pay the required deposit for full-time students, and complete a Housing Application. Race, color, national origin, sexual

orientation, and religion are not considered in housing and roommate assignments. The University reserves the right to make all final decisions on housing and roommate assignments. Returning students are assigned housing upon request utilizing an application process. New students are assigned housing according to specific requests and the result of the Housing Application process. The University reserves the right to determine the best utilization of space based on housing demand. The University also reserves the right to terminate the housing assignment due to a student's failure to engage in the learning process.

Candles and Incense

Open flames or smoldering devices, including such items as candles, incense, laboratory burners, stoves, torches, etc., cannot be used in any area of the residence facilities. No candles may be kept in student residences, even for decorative purposes, per order of the Fire Marshall.

Check-In/Check-Out Procedures

Check-In: Upon arrival, students will complete check-in information and receive keys to the exterior doors of the residence facility, townhouse, house, or apartment and a key to your room (if applicable). A Room Condition Form (RCF) will be completed within 24-hours by each resident to identify current damages or issues at move-in. At check-out, any discrepancies between current room/residence conditions and those reflected by this form may result in damage charges.

Check-Out: When leaving a University housing unit or changing rooms or units, students must be checked out by an official housing staff member. The staff member will inventory the room/unit utilizing the same Room Condition Form (that the student completed at check-in) to assess damages and cleanliness, and to retrieve all keys. If anyone fails to properly check-out, a minimum fine of \$50.00 will be assessed for Improper Check-out, in addition to any other charges for damages.

Christmas Decorations and Decorative Lighting

Live trees are not permitted in the residence facilities because of the potential fire hazard. Likewise, non-LED Christmas lights and similar lighting products are not allowed in the residence units at any time of the year. When using LED strip lights, you are required to use removable "Command Strips" and the lights must be at least six (6) inches from the ceiling. The Housing Office has discretion to ask students to remove unsafe lighting products.

Common Areas

Common areas such as bathrooms, hallways, and lounges in the Aitchison, Cassat, Donnell, and Chlapaty halls are cleaned Monday through Friday and are monitored on weekends. Unusual wear, messiness, or damage to these areas will result in extra cleaning/damages charges assessed to the individual(s) responsible, or to the student community in this area. In the townhouses, Park Village apartments, and University-owned houses, residents are responsible for cleaning their own common living areas.

Furniture provided by the University in any common area must remain in the areas for use by all residents. A variety of lounges are provided for students. Each traditional hall and pod-style residence hall has study lounge facilities and a television lounge. At least one lounge in each building is considered open and may be used by both male and female students during the stated visitation

hours. For the safety of all residents, public lounges, hallways, and/or public walkways should remain clear of obstruction. (See *Guest and Visitation Policy* for additional information.)

Computers

Residence hall rooms, Park Village apartments, and the townhouses are equipped with computer network connections. UD does not provide internet services in the campus houses—residents are responsible for, if they choose, purchasing their own internet services through MediaCom. Residents must follow instructions from the Office of Technology to connect to the University network.

Cooking

Park Village apartments, houses, and townhouses include a stove/oven, microwave, and refrigerator. Pots and pans, etc., are not provided.

Cooking in Aitchison, Cassat, Donnell, and Chlapaty residence halls is limited to a microwave oven or a hot-pot (which is used primarily for heating small amounts of water.)

A full-size electric stove is available for use in the kitchen area of each traditional residence hall. Students may use their own pots and pans. Electric appliances that may not be used include, but are not limited to, pressurized pots, broilers, toasters or toaster ovens, deep fryers (immersion heaters), electric fry pans, hot plates, or any appliance that has an open coil for heating. Appliances relying on gas, oil, charcoal, or wood for heat may not be used inside any facility, including all UD-owned garages.

Students are responsible for demonstrating proper food handling techniques and preparation.

Damages

Occasionally damage will take place within a residential facility. As members of the UD community, it is important that each person take responsibility for their own actions, including accepting responsibility if their actions cause damage to the facility either intentionally or unintentionally. Damage, other than normal wear and tear, will be billed to the individuals responsible in the case of residence hall damage. If individuals' responsibility cannot be determined, all roommates, suite mates, floor mates, and/or building residents may be held jointly responsible for damages that occur during the year. Damages that are excessive in nature or that no one takes responsibility for may result in disciplinary sanctions, so it is to your benefit to contact your Resident Assistant or Residence Hall Director when damages are observed. Cleaning charges may be assessed if the residence facility is not left in the same condition as move-in.

Electrical Information/Service

There are electrical outlets provided in each residence facility. If the power goes out, please contact a member of the residence hall staff or call Campus Safety and Security at 563.589.3333. Facilities will restore power to your residence as soon as possible. Appliances responsible for repeated electrical failures will be banned from the facility. For general utilities information, see "Utilities" section.

Emotional Support Animal Policy / Service Dog Policy

The University of Dubuque recognizes that some individuals may require an Emotional Support Animal (ESA). Per the Fair Housing Act (FHA) and the Americans with Disabilities Act (ADA) guidelines, Service Dogs and Emotional Support Animals may be approved for residential living through the office of Accessibility Services. Owners of approved animals must have a signed contract on file with both Accessibility Services and the Office of Residence Life during the period their approved animal resides on campus. That contract establishes additional expectations and policies for the animal and the owner. Any violation of that contract is managed as a code of conduct violation as well as a contract violation.

Please direct questions or concerns to Accessibility Services.

Extension Cords

The City of Dubuque Housing Code prohibits the use of extension cords for permanent wiring in any rental unit. University residential facilities are included in this policy. For temporary hookup, it is recommended that surge protected power strips be utilized.

Fire-Fighting Equipment and Alarms

Fire-fighting equipment and alarms are placed in the residential facilities for your protection. Any student setting fires, tampering with, or misusing fire-fighting equipment (i.e., extinguishers and smoke detectors) is subject to disciplinary action and/or prosecution under Iowa Statutes which includes a minimum \$750 fine. Refer to the Emergency Procedures section for further information regarding fire and other emergency procedures. Any student setting off a false alarm anywhere on campus is subject to disciplinary action that could result in possible suspension or expulsion from the University.

Furnishings in the Residence Units

Each residence hall room is furnished with the following for each student: a bed frame, XL twin mattress, desk & chair, closet space or wardrobe, and chest of drawers. Drapes or mini blinds and one microwave/refrigerator unit are also provided in each traditional hall room (Cassat, Donnell, and Aitchison). This property is to remain in the room at all times and should not be removed or disassembled in any way.

Each bedroom in the Park Village apartments and the Townhouses units are furnished with a bed frame, mattress, desk & chair, closet space, and a chest of drawers. The common areas are equipped with a couch, chair(s), a coffee table, and kitchen table and chairs. The kitchens are fully equipped with a stove, oven, refrigerator, and dishwasher. Note: Residents in Park Village are not required to purchase a meal plan, but may do so by contacting Student Accounts.

UD-owned campus houses are furnished with a bed frame, mattress, desk & chair, closet space or wardrobe, and a cabinet of drawers for each bedroom. The common areas are equipped with a couch, chair(s), a coffee table, and kitchen table and chairs. The kitchens are fully equipped with a stove, oven, refrigerator, and dishwasher. Note: Residents in the campus houses are not required to purchase a meal plan.

Under no circumstances may furnishings or appliances be removed from, or exchanged among, housing units without the written permission of the Office of Residence Life.

Game Equipment

Each front desk in the traditional residence halls has a variety of games and equipment for resident use by presenting their student ID card.

Guests & Visitation Policy

Definitions (for purposes of this policy only):

- GUEST is defined as a person who is not a member of the UD community.
- VISITOR is defined as another “current, full-time” UD student or staff member of the UD community.

GUESTS are NOT permitted within the residential halls of the University of Dubuque without the written authorization of the Office of Residence Life. This policy does not apply to the move-in or move-out days.

OVERNIGHT GUESTS / VISITORS, of any kind, are NOT allowed in any of the student residences at the University of Dubuque.

Visitor Policy (see definition above)

Visitation Hours:

Sunday through Thursday - 10:00 a.m. to 10:00 p.m.

Friday and Saturday – 10:00 a.m. to Midnight

Quiet Hours:

Sunday through Thursday – 10:00 p.m. to 10:00 a.m.

Friday and Saturday – Midnight to 10:00 a.m.

Courtesy Hours:

All residents and visitors must abide to courtesy hours 24/7. If someone (staff or another student) believes noise (music, conversation, etc.) is too loud, they have the right to ask for it to be quieter and everyone must abide.

Each resident of a living area (room, apartment, townhouse) is restricted to one visitor (or approved guest) at a time so the total number of individuals in the living area is never more than double the number of residents assigned to live in that unit. (Example: in a traditional resident hall no more than 4 individuals in a room at any time—the 2 assigned residents and 1 visitor/guest each.)

A roommate's right privacy supersedes a student's right to have a visitor/guest enter their assigned room.

Visitors are only allowed in specific areas: the resident host's room, POD, or apartment during visitation hours.

Visitors are not permitted to use the restroom facilities of the opposite gender. The resident host must escort their visitors to another appropriate restroom facility if on another floor or in another building.

In the traditional halls and Chlapaty Hall, residents and visitors may visit/study in the main lobby common area which is accessible to all residents, while abiding to courtesy hour guidelines.

Any person who has been evicted/removed from UD housing for any reason is not permitted to return to any UD housing facility; this includes as a visitor or as a guest.

The University retains the authority to revoke visitation privileges at any time.

Residents are responsible for their own actions, including but not limited to, damages by any visitors or guests. All individuals (residents and visitors) may be sanctioned if a violation occurs.

Cohabitation (living together) with persons other than designated roommates and sexual behaviors illegal under Iowa statutes is not permitted at any time. Any students sharing the same residence unit while in a romantic relationship would be a violation of the spirit of the University's Guests & Visitation Policy. At no time may a student take up residence in a room, house, or apartment which they are not assigned to. The presence of someone else's clothing, toiletries, etc. may be interpreted as cohabitation and is subject to disciplinary action.

Although the University has established guest and visitation hours, a student's right to study, sleep, and exercise control over their personal space ALWAYS supersedes those of a visitor or guest. A visitor/guest whose behavior or presence detracts from the community atmosphere or impinges on any resident will be required to immediately vacate housing facilities. The Residence Life staff will actively intervene if conflicts arise between roommates with respect to the Guest & Visitation Policy.

The University does not assume responsibility for personal accident, injury, or illness sustained or caused by residents, visitors, or guests of residents.

Haircutting Policy

Residents interested in cutting hair must do so within their own residence unit. It is the responsibility of each resident to clean up after themselves. Please see the Solicitation/Sales in the Residence Hall Policy.

Housing: Residency Policy, Contracts, Unit Availability, and Charges/Refunds

The University of Dubuque provides a variety of housing options for students, and strives to accommodate students with individual requests. Assignments are based upon established criteria.

Housing Residency Policy:

All full-time undergraduate students having earned less than 90 credit hours by the start of the Fall semester are required to live in University housing units. Students must maintain full-time* academic status throughout the entire length of the academic semester unless approved for an exception by the Vice President of Student Engagement and Intercollegiate Athletics, or their designee.

*Full-time academic status for an undergraduate student is defined as taking 12-credit hours during the semester. For graduate and/or Seminary students, full-time academic status will be defined per the policies of their respective program.

Residents in a traditional housing unit (Aitchison, Cassat, and Donnell) or Chlapaty Hall are required to participate in a board (meal) plan. Residents in Park Village, a townhouse unit, or a UD-owned campus house are not required to purchase a board (meal) plan, but may do so if they wish. A student who wishes to be considered for exemption from the Residency Policy must contact the Office of Residence Life and apply for an exemption. This process could take up to 30 days. Criteria in order to apply and be considered for an exemption from the Housing Residency Policy must meet one of the following criteria:

- Married and living with spouse;
- Living with a child/children or legal dependent(s);
- Living with and commuting daily from the home of an immediate relative (parent, grandparent, sibling, or legal guardian) within 50 miles of Dubuque.

It should be noted “financial reasons” are generally not considered a valid reason to waive the policy. Students **should not** sign or enter into an off-campus housing agreement prior to being approved to live off campus.

Please note that students falling within the terms of the Residency Policy who have not been provided written notification of an approved exemption will be assigned campus housing and held accountable for related room and board (meal) plan costs. The housing assignment process for returning students begins in early Spring, so plan accordingly.

Residence Unit (Housing) Contracts:

All students residing in UD-owned housing facilities are required to sign a Residence Unit Contract. A resident living in any UD residence unit must adhere to the terms of their signed Residence Unit Contract and the policies and procedures outlined in the Student Handbook. *(*All non-undergraduates– See additional information provided by the Director of Housing Operations.)*

Individual Unit Contract: This contract is for all students living in UD housing who do not fall into the Graduate/Family or Seminary Student categories. The Individual Unit contract is for housing accommodations for the ACADEMIC YEAR* (defined as the day before Fall semester classes begin thru the day following Spring graduation), or if moving in after the beginning of the Fall semester, from the first day of occupancy through the remaining portion of the academic year.

*A housing fee will apply if a student remains in their housing unit during Winter Break or after Spring commencement. (See Housing for Breaks and Summer Housing below for details.)

Graduate/Family Unit Contract: This contract is specifically for Graduate students and students living with a spouse or a legal dependent. The terms and length of the contract (12 months) are based upon the specific housing unit the resident is assigned. Housing units available for graduate and students living with a spouse or a legal dependent include UD-owned houses and townhouse units. Graduate and students who are married or living with a legal dependent are not permitted to live in the residence halls (Aitchison, Cassat, Donnell, or Chlapaty), in Park Village apartments, or with undergraduate students in UD campus housing. *If your status changes while living on campus, please contact the Office of Residence Life for housing options.*

Seminary Student Contract: This 12-month contract is specific to students in the UDTs program only. Students are typically housed in a townhouse or campus house. The unit must be to capacity at the beginning of the semester otherwise other students within the unit will split the cost of the unassigned bedroom. *Please contact Student Accounts for billing guidelines, and Residence Life for additional information.*

Please note that once a Residence Unit Contract is signed, residents will be held to the conditions of the contract, and are liable for the full extent of the terms, agreements, and costs associated with their housing assignment, unless released through the Residence Life Appeals Board process. Residents who wish to be released from their signed Residence Contract prior to the expiration of the contract must contact the Office of Residence Life and complete an application to be released from their housing contract. **PLEASE NOTE: If students are approved for release from their housing contract, students will still be required to pay 40% of their remaining room and board (meal plan) contract fees, prorated through the date of check-out.** Residents will not be allowed to simply buy-out the contract by paying the 40% fee.

If students are NOT RELEASED from their housing contract, they will still be required to pay the full remaining room and board costs associated with their signed contract.

UD housing is not available as temporary housing; a semester or annual contract is required for all students living in UD housing. Students are not permitted to sublet housing space.

Housing Availability during Break Periods

THANKSGIVING AND SPRING BREAKS: All Residence Unit Contracts for UD campus housing cover Thanksgiving and Spring breaks; all UD housing will remain open and no additional fee will apply if staying in your assigned housing unit over these two breaks. Students may be asked to register to stay over breaks. Information will be available from the Office of Residence Life.

WINTER BREAK: Winter Break is identified as the day after December graduation until the Sunday before Spring term begins. ALL UD housing units* (including residence halls, Park Village apartments, houses, townhouse apartments, etc.) will officially close during the Winter Break. A day rate (\$40.00 per day) will be applied to your student account for each part of a day you are on campus during Winter Break. Students may receive permission, by requesting an exemption to the policy, to stay on campus because of special circumstances, in-season sports,

or for University business. (*Winter Break Request forms will be available in the Office of Residence Life*)

SUMMER BREAK: Summer Break is identified as the day after Spring commencement until Fall move-in date. ALL UD housing units (including residence halls, Park Village apartments, houses, townhouse apartments, etc.) will officially close during the Summer Break. A **day rate (\$99.00 per day)** will be applied to your student account for each part of a day you, or any of your personal belongings, are on campus during Summer Break that you have not been approved for Summer Housing. See *Summer Housing (below)* for exceptions to this policy for summer classes, in-season sports, special circumstances, or for University business.

Students who enter a hall unauthorized during a break will be subject to disciplinary sanctions.

****Residents who have signed a Graduate/Family or Seminary Student Residence Unit Contract will be allowed to stay in their assigned housing units over all break periods, as per the terms of their contract at no additional housing cost.**

It is important to note that there is limited food service available during any University break. The student is responsible to plan for their own meals during University breaks.

Summer Housing

ALL students who wish to live on campus during any part of Summer Housing (available from April 30-July 19) **MUST APPLY and be approved** to do so. This includes in-season student athletes, special circumstances, and for University business, as well as students on Graduate/Family or Seminary contracts.

On-campus summer housing will only be available for UD students who meet all three of the following criteria:

- Lived in UD campus housing the previous spring semester;
- Are enrolled in a face-to-face UD Summer class; and
- Are assigned Fall semester UD campus housing.

Students who meet all three of the above criteria must apply by April 15th to live on campus for any part of the summer. Forms are available from the Office of Residence Life. Each application will be evaluated on its own merits. A **Summer Housing Rate* (\$135 per week)** will be applied to students' accounts for any portion of a week the student or their belongings occupy a space on campus. Students who are approved to live on campus may be required to move from one housing unit to another unit to allow maintenance and cleaning staff accessibility to prepare for the upcoming academic year.

For students who remain in UD campus housing for any part of Summer Break (*defined as the day after Spring commencement until Fall move-in date*), who do not meet the above criteria, will be assessed a housing **Summer Day Rate* (\$99 per day)** for each day you or any of your belongings occupy a space on campus. Students who have signed a Graduate/Family or Seminary Student Residence Unit

Contract are exempt from these Summer rates per their 12-month contract. *Rates are subject to change. *Contact the Director of Housing Operations for additional information regarding Summer housing details.*

Housing Charges and Refunds

The room and board (meal plan) charges for the University of Dubuque are published annually and are based upon the specifics of your residence unit and program.

Room and board charges are refundable as per refund guidelines; except if the student is removed from the UD campus housing for disciplinary reasons, then no refund will be given. Damage to any housing facilities and/or their furnishings beyond normal wear and tear will be charged to the students' accounts. *Please see the Residence Unit Contract and the sanction section of the Student Handbook for additional explanation, or contact Student Accounts for billing information.*

Housing Staff

The Office of Residence Life is staffed with housing professionals who are dedicated to building a dynamic campus community that promotes student formation and facilitates learning in the residential and family housing units. The Residence Life staff work in collaboration with other departments across campus to develop the whole student, both on and off campus, in all aspects related to the planning and administration of the residential life operations of the University. There will always be a professional staff member from Residence Life on duty 24/7, 365 days of the year.

Insect and Pest Control

The University has contracted with a local pest control company to perform regular spraying for insects in each residence facility. Although the fumes are not toxic to humans, some individuals are sensitive to the odor. If you observe insects in your room or residence facility, please report it to your Resident Assistant or Residence Hall Director. Remember that you play a key role in keeping pest problems to a minimum. Please empty your trash regularly. There will be announced room/residence inspections for health and safety standards. Uncooperative residents' risk disciplinary sanctions.

Insurance (Personal Property)

The University does not carry insurance on the personal property of students. All students should make certain that personal property is covered by a renter's or homeowner's insurance policy. Under no circumstance does the University assume liability for personal property damaged, lost, or stolen from a student during a theft, fire, or other catastrophe.

Keys

Most housing units on campus are accessed using the University's ID key card system. For housing units and/or rooms that require a key, students will be assigned a key(s) at check-in. It is the responsibility of the student to return the key(s) at check-out following proper check-out procedures; a student's account will be assessed a re-core charge for each lock that needs to be re-cored due to not returning keys at check-out according to Housing policy.

If a key is lost, stolen, or misplaced, contact your Residence Hall Director to begin the process of obtaining a new key. For safety reasons, the door(s) will be re-cored and new keys issued. Your

student account will be assessed a re-core charge for each lock that must be re-cored and keys replaced. Once the door lock has been re-cored, the student is responsible for the charge even if the key is found. Contact your Residence Hall Director if questions.

Kitchenettes

Kitchenettes are available in all traditional residence halls for personal cooking convenience. Residents are responsible for maintaining cleanliness and sanitary conditions at all times. The Office of Residence Life reserves the right to prohibit access to the kitchenettes for failure to properly clean the area after use. You must provide your own utensils in the kitchenettes.

Laundry Facilities

Washers and dryers are available in each traditional residence hall, Chlapaty Hall, Park Village, townhouse, and campus house, and are provided for residents' use only. Courtesy and respect for others' property should always be practiced in the use and sharing of these facilities. Any equipment malfunction should be reported immediately to a staff member or to the Maintenance Department. Laundry appliances are free-of-charge to operate, so please do not over-stuff machines as they will malfunction. A \$45 per semester Laundry Fee is applied to UD residential students' accounts.

Lockout Policy

The security of residents' rooms and personal property depends on the responsible care of the room keys and access cards. Students should conscientiously lock doors and carry keys each time the room is unattended. If students are locked out of a room, a Security staff member will assist. Resident Assistants or Hall Directors are not authorized to unlock residence facilities as a courtesy. Custodial personnel are not authorized to open doors. Residents will be charged a \$20.00 lockout fee per incident. Please note that lockouts are not an emergency. Security officers have regular daily duties and might be handling another incident across campus. Every attempt will be made to assist with the lockout, but there can be a wait time until an officer can break free to assist you.

Lofts

The University does not allow students to build or provide their own lofts due to the potential for unsafe structures and fire hazards. The Office of Residence Life offers a metal loft kit through a regional vendor for students to rent. Units are rented on an annual basis. Information is available at BedLoft.com or by contacting the Office of Residence Life.

Maintenance and Custodial Service

The Office of Maintenance and Custodial Services (aka Facilities) employs a staff to keep the residence facilities in good physical condition. All repair work is to be completed by members of the Maintenance Department, or by employees contracted through the Maintenance Department. The Resident Life staff are the direct link to the Maintenance Department, and will follow set protocols to submit and follow up with any maintenance issues reported. All work order requests should be directed to your Residence Hall Director or the Office of Residence Life during business hours (Monday-Friday, 8:00am–5:00pm). After normal business hours, and on weekends and holidays, direct requests to UD Safety and Security (563.589.3333) or by visiting the Safety and Security Office, lower level in Smith Hall.

Emergency repairs (clogged toilets, broken windows, heat and water problems, any electrical issue, etc.) will be completed as soon as possible; usually within 24 hours of notification. Generally, work orders will be completed within two weeks. Examples of routine requests include light-bulb replacement, minor air conditioning/heating concerns, lock or key problems, and furniture adjustment. Work orders are reviewed on a daily basis. There will be times when a repair is too complex for the Facilities staff to complete or the repair may require parts that are not stocked; this may take longer than two weeks to resolve—please be patient

When needing to make a maintenance request, please email facilities@dbq.edu and include the following information in your request:

- Student Name
- Residence hall and room number/letter or apartment number and letter
- Detailed description of the problem

Facilities staff will only enter a student's room after knocking and properly announcing themselves. Note that by placing a work order request, a student gives the Facilities staff permission to enter their room or apartment to complete the work order. Students should be very specific about the nature of the request.

As a reminder, you are expected to clean up after yourself. This includes any accidents involving water spills, food, spit, vomit, urine, feces, or hair.

Microwave and Refrigerator Units

Every traditional residence hall room (Aitchison, Cassat, and Donnell) is furnished with one microwave/refrigerator unit. The unit is considered part of the furniture and may not be removed from the room under any circumstance. If either the refrigerator or microwave is damaged because of improper use or negligence, the residents will be assessed the repair or replacement costs for the entire unit.

The University does not allow students to supply their own personal refrigerator or microwave units for safety reasons. The University offers a refrigerator rental program through a regional vendor (Bedloft.com) for students residing in Park Village and Chlapaty Hall who are eligible to participate in this rental program. There may be no more than one rented refrigerator in any single or double residence room. Campus houses and townhouses are furnished with a full-size refrigerator and microwave; no additional refrigerators or microwaves may be brought into those units. Additional information is available through the Office of Residence Life.

Please adhere to the following guidelines:

- Absolutely no metal or foil of any kind may be used in the microwave, including metal rims mugs or dishes.
- Cook only on paper plates or with microwave-approved containers.
- You may not use extension cords for these units.
- The microwave/refrigerator is one unit and must not be disassembled.
- Do not plug any electrical appliance into the same outlet with the unit.
- Remain in the room when the microwave is in use.

- Empty, unplug, clean, and leave all refrigerator and freezer doors open during Winter Break, or when out of your room for an extended period of days.
- The entire unit must be empty and cleaned out when checking out of your room.
- If you have any questions about the use of your microwave/refrigerator unit, please contact a Resident Assistant or Residence Hall Director.

Missing Student Policy

The University of Dubuque takes student safety very seriously. To this end, the following policy and procedures have been established to assist in locating UD students living in University-owned on-campus housing who, based on known facts and circumstances, UD has determined to be missing or unaccounted for. A resident student shall be deemed missing when he or she is reportedly absent from the University for more than 24 hours without any known reason.

Procedure once a Missing Student Report has been filed:

- Any report of a missing student should immediately be directed to Safety and Security.
- Safety and Security will contact the Office of Student Life and the two departments will work in conjunction to do the following as needed until the situation has been resolved:
 - Check the student's card access log to determine when they last entered a building, used their meal plan, etc.
 - Attempt to make contact with the student reported missing by calling the student's cell phone number on file, going to the student's room (keying in if no answer,) interviewing roommate(s) and floor mate(s) concerning the last time the student was seen and find any known plans.
 - Check class schedule and look for student at classroom, if applicable.
 - Contact faculty member regarding attendance, if appropriate.
 - Determine a timeline of when the student was last accounted for.
 - The Dubuque Police Department and the police department of the community where the missing student maintains a permanent address will be contacted within a 24-hour period.
 - The person designated as the student's missing person contact will be notified by a member of the University Crisis Management Team no later than 24 hours after the student is determined to have been missing. If the missing student is under the age of 21 a missing person notice will be posted on the national police information network.
 - If the missing student is under the age of 18 and is not an emancipated individual, the University will notify the student's parent or legal guardian immediately after the University Safety and Security Department has determined that the student is missing.

If it has been less than 24 hours and the student's absence does not appear irregular or suspicious, a note will be left at the student's room requesting that they contact Safety and Security immediately upon their return. If, at the 24-hour mark, the student still has not returned, then the above stated actions will take place.

Pet Policy

A pet is defined as any domesticated or tame animal that is kept as a companion. For health and safety reasons, **no pets** (except aquarium fish) are permitted in any campus housing. Failure to

adhere to these guidelines may result in forfeiture of University housing, and fines exceeding \$2,200. Contact the Vice President of Student Engagement and Intercollegiate Athletics if you have questions.

Posting Policy

In order to maintain an orderly and consistent appearance within the University of Dubuque residence halls, students are not permitted to display, affix, or post any items outside their room door. However, for special occasions like birthdays or anniversaries, students may request a temporary exemption from the Office of Residence Life. It is prohibited to promote drugs or alcohol, display obscene materials, or any other materials that violate university policy or the law.

Propped Doors/Unauthorized Entry

Propped doors pose a serious threat to the safety and security of our residents, their privacy and their belongings. Letting non-guests into the building or using unauthorized entryways is strictly prohibited. Any student found to be forcing open and/or propping open an exterior door or wing entrance door may be subject to disciplinary action.

Quiet Hours

The following Quiet Hours are enforced in the residence facilities:

- 10:00 p.m. to 10:00 a.m. – Sunday through Thursday
- Midnight to 10:00 a.m. – Friday and Saturday

All residents, visitors, and guests (if authorized) must abide by Courtesy Hours and Visitation Hours at all times. If someone (staff or another student) believes noise (music, conversation, etc.) is too loud, they have the right to ask for it to be quieter and everyone must abide. See *Guest & Visitation Policy* for more details.

Recycling

Residents are encouraged to recycle. Recycling containers are provided in each residence hall for use.

Residence Access Cards

Each resident is assigned a University ID card that gives them access to their residence facility/room. Residents who lose their ID card must notify Safety & Security immediately by calling x3333 or 563.589.3333 for a replacement card. Residents will be assessed a charge of \$25.00 per lost ID card which will be billed to the student's account. Students are not permitted to allow other students to use their ID card. Unauthorized possession, use, or duplication of any University ID card is prohibited. For more information on ID cards, contact Security at 563.589.3333.

Residence Housing Units

Aitchison Hall is an English Tudor-style traditional residence hall and is primarily designated as a first-year, undergraduate hall.

Cassat and Donnell Halls are traditional residence halls located next to the athletic fields on Bennett Street. Both halls house primarily, first-year undergraduate students.

Chlapaty Hall is a brick residence hall with small communities, or pods, of 14 students. Each pod consists of seven 2-person units of the same gender; neighboring pods may consist of different genders. Each pod has its own bathroom and kitchenette. Chlapaty Hall is located near the baseball field and the soccer and lacrosse fields and is designated as primarily a second-year residence hall.

Park Village Apartments are suite-style apartments located on the South Campus. The four- and five-room apartments accommodate five residents in single rooms and/or one room large enough for two residents to share the space. Common areas, including a kitchen, living room, and two bathrooms, are shared between the individual apartment residents. Park Village suites are designated for upper class students.

UD Townhouses are located on Collins Street. The 32 three- or four-bedroom units typically house upper-class students.

Campus Houses – The University owns a number of 2, 3, or 4-bedroom houses within close proximity to the University campus. The houses are part of the larger Dubuque community. These houses are typically utilized by upper-class students.

Room / Unit Changes

The University believes learning to live in community is an important part of the educational experience. Occasionally, unforeseen situations arise in which roommates may consider a need to separate. Residents are asked to work through any situations with the help of their Residence Hall Director in conjunction with the Office of Residence Life before a room change is considered.

Room/residence changes are not generally made within the first two weeks of the semester. Changing rooms without approval of the Residence Hall Director or the Office of Residence Life may result in a \$25 fine per day from the day of the move until approval or move back to the original room.

Roommate Agreement – All residential students sharing a room/unit are strongly encouraged to complete and sign an agreed upon Roommate Agreement within the first few weeks of classes.

Room/Residence Change forms are available in the Office of Residence Life and must be completed before the Residence Hall Director can act upon a room change request. The Office of Residence Life has the responsibility of final approval. All requests for room/residence changes must be discussed prior to the move with your Residence Hall Director or the Office of Residence Life. Students may not change rooms/residences without prior approval.

Room Consolidation Process

If residents find themselves without a roommate either at the beginning of the semester or at any time during the first four weeks of the semester, they will be considered participants in the Room Consolidation Process which will occur during week five and/or six of the semester. If a roommate leaves after this time, room consolidation may be required at the beginning of the next semester. After all residents have been assigned permanent rooms at the beginning of each semester, residents in that situation will receive information on options available to them. The Residence Hall Director and/or

designee will provide a list of available residents for consolidation. Options available include:

- You may sign a single room contract for your room and pay the prorated amount for the privilege of having a single room.
- You may find someone in the same situation and make a request to move in with that person (no move without prior approval).
- You may find someone in the same situation and have that person request to move in with you.
- You may work with the Residence Hall Director or the Office of Residence Life who will assist you in resolving your situation with other residents in a similar situation.

Residents who choose to oppose or delay this process and do not follow deadlines for compliance may be billed for a single room. They may also be sanctioned in a disciplinary manner.

If you are assigned to a campus house or town house, your residence unit will need to be full to capacity at the beginning of the semester. For more information about this situation, please contact the Office of Residence Life.

Room Entry

Officials of the University reserve the right to enter any residence hall room, apartment, University-owned house, or townhouse under the following circumstances:

- To conduct health and safety inspections. This will normally be done at least twice annually with prior notice given to residents.
- To search for missing lounge furniture or other missing University property.
- To conduct repairs or general maintenance.
- To deal with emergencies threatening the health and/or safety of a resident or the surrounding residents.
- To confront questionable or inappropriate behavior of residents.

Please note that University-provided refrigerators are considered University property and may be opened by a University official at any time in the performance of their duty.

In every instance, the University official must knock on the door and identify themselves before entering. If the resident(s) refuses to open the door or does not respond, or is not present at the time, University officials are authorized to use a pass key to gain entrance.

Searches and Seizures

In the interest of maintaining an environment that facilitates scholarship and provides for the health and safety of resident students, the University reserves the right, when necessary, for authorized University personnel to enter or search a University-owned room, apartment, townhouse, or house. The regulation applies to all residential units under the administrative control of the University of Dubuque. Nothing in this policy shall exist to prevent police officers from entering rooms or searching and seizing in accordance with applicable statutes, policies, rules, and regulations. Personal items may also be searched with due cause.

Solicitation / Sales in the Residence Hall Policy

The University has a no-solicitation on campus policy. Therefore, solicitation, advertising, and distribution of materials without permission is forbidden on the campus at all times. Residents may not operate a 'for profit' or 'not for profit' business from their room or on campus at any time. Anyone

found in violation of this policy will be subject to disciplinary action. For further information, contact the Vice President of Student Engagement and Intercollegiate Athletics.

Sports in the Residence Halls

No athletic activity of any kind is allowed in the halls, rooms, hallways, or common areas. This includes, but is not limited to, skating, kicking or tossing a Hacky Sack or Frisbee, playing basketball or football, wrestling or jumping rope, use of Nerf mechanical projectiles, dart boards/games, etc. There are places to participate in these activities around campus. All athletic equipment must be stored in residents' rooms.

Storage

Furniture provided by the University must remain in the designated resident rooms, apartments, townhouses, or houses at all times. All personal possessions must be removed at the end of each academic year or when the student leaves the University. If you or any of your belongings occupy a space on campus after your housing contracts ends, they will be considered abandoned and donated to charity unless prior authorization is obtained from the Office of Residence Life.

Theft

If a theft is suspected or occurs in a residence unit, students should immediately report it to a member of the Residence Hall Director, as well as Campus Safety and Security.

Tobacco Products

The Iowa Clean Air Act became effective on July 1, 2008 and bans the use of tobacco-related products (encompassing cigarettes, chewing tobacco, snuff, snus, pipes, cigars, hookah, water pipes, vaping products, etc.) in all indoor and outdoor spaces on the campus including: all University property, parking lots (including in one's own personal vehicle,) athletic fields, stadiums, University vehicles, apartments, residence halls, classrooms, administrative buildings, and on University-owned sidewalks. The law does not prohibit smoking on public sidewalks around the University, but does prohibit smoking within 25 feet of a building entrance. The law takes a firm position concerning the failure to maintain a smoke-free campus that will result in civil penalties for both the individual and the University. This law extends to students, employees, and any visitors to campus.

In addition, the University similarly prohibits use of e-cigarettes/vaping products or any nicotine-related products on the University campus in all indoor and outdoor spaces. This policy applies at all times, including school-sponsored and non-school sponsored events. Persons failing to abide by this policy are subject to disciplinary consequences.

Traffic Signs

No traffic signs or public signs are permitted in residence units or as part of the decor unless proper documentation is provided indicating ownership of the sign. The University will confiscate unauthorized signs and report all such violations to local law enforcement officials.

Trash Service

Trash receptacles are provided for resident use. Place your garbage bags in the receptacles. Residents are responsible to maintain a clean and safe living environment. Cleanliness also reduces

the likelihood of insect problems within your residence.

Unauthorized Entry

Students, guests, and all other unauthorized persons are prohibited from entering any University building or room, including residence units, as well as University owned or individually owned vehicles without expressed permission from an authorized University official, faculty, staff member, or resident of such housing unit or vehicle.

Utilities

All utilities are provided as part of the housing fee in all UD residence units. Campus houses residences are for responsible for their own WiFi; contact the local Mediacom provider for making personal arrangements. For more information, contact the Office of Residence Life.

Vandalism

If any vandalism occurs to your personal property or to the University of Dubuque property, students should report it to the Residence Hall Director or the Campus and Security Office immediately.

Vending Machines

Vending machines are located in all traditional residence facilities. If issues with a vending machine, contact information is on each machine for students to call the vendor directly which is listed on the front of each machine. Residence Life does not reimburse for losses related to the machines.

Windows and Window Screens

Screens and windows should remain in their affixed positions. Under no circumstances should any windows or screens be removed. Anything thrown out of the windows of any residence facility will be considered a violation of University policy.

Procedures for Staff / Faculty Response to Student Crisis

University of Dubuque has adopted procedures as an appropriate response in the event a student is involved in an accident with serious injury, suicide attempt, and/or alcohol or drug overdose or is the victim of violence, sexual assault, harassment, discriminatory acts, violent threats, and/or extreme emotional situation.

The Smeltzer-Kelly Student Health Center, as well as the Office of Student Life, Campus Ministry, Seminary staff, provide the University of Dubuque community with advice and counsel on how to deal with certain issues related to University of Dubuque students on campus and in the Dubuque community. They are available to help with handling issues in a way that is consistent with UD policies and procedures and will act as liaison, as necessary, between agencies working with issues related to University of Dubuque students.

In an emergency, call 911. For confidential crisis counseling, call YourLife Iowa Hotline at 855.581.8111 or text 855.895.8398. Both are available 24/7.

If you have been a victim or witnessed an incident, you are encouraged to contact the Smeltzer-Kelly Student Health Center (563.589.3360), Vice President of Student Engagement and Intercollegiate Athletics (563.589.3867), Campus Ministry (563.589.3582), or the Seminary's Director of Continuing and Lay Education (563.589.3630).

Fire

The purpose of the fire alarm system is to alert occupants of the building of the need to evacuate. The fire alarms and fire equipment (i.e., extinguishers) are to be used only in case of fire. Please be advised that tampering with fire alarms and equipment is a violation of Iowa state law as well as University policy. Offenders are subject to university disciplinary action as well as criminal prosecution.

Upon hearing the fire alarm sound in the room/facility, all occupants should follow these procedures:

- Keep low to the floor if smoke is in your room/facility.
- Close windows.

Before opening the door:

Feel the knob. If it is hot, do not open the door. If the knob is not hot, brace yourself against the door, and open it slightly. If heavy smoke or fire is present, close the door and stay in the room/facility.

If you can leave the room/facility:

- Be sure to have clothing appropriate for the weather.
- Be sure to bring your key (if applicable).
- Leave lights ON.
- CLOSE and LOCK door (if applicable).
- Leave by the nearest safe exit.
- Do NOT use an elevator.
- If ALL exits are blocked, return to your room/facility.
- Once outside, quickly move away from the building at least 300 feet.
- Do not return to the building until signaled by staff to do so.

If you CANNOT leave the room/facility:

- CLOSE door.
- Seal cracks around the door with towels, bed clothing, or anything else you can find to help keep out smoke.
- Open window.
- Do NOT jump if you are above the second floor.
- Hang something from the window to attract attention or shout for help.

Severe Weather

A Tornado Watch implies the possibility of a tornado and high winds in the immediate area.

A Tornado Warning means that a tornado has been sighted in the area and shelter should be sought immediately. In the event of a warning for the city of Dubuque, the following procedures should be followed:

- A city alarm will be sounded to inform you of a warning.
- Leave room/facility immediately.
- Lock your room/facility and take the key (if applicable).
- Proceed to the designated area.
- Stay away from windows.

In situations involving a severe weather warning, such as a tornado warning, you should immediately proceed to the lowest level of any building you happen to be in. DO NOT go outside to check the weather. Try to stay in the center of the building. Stay away from windows and exterior doors. At the end of the severe weather event, wait for an “ALL CLEAR” before returning to your room.

Nearly all of the buildings on campus have “SEVERE WEATHER SHELTER AREAS” marked with signs. Become familiar with them now before you need the information. The best way to insure your survival is to be aware.

Students failing to adhere to Fire or Severe Weather related directives from University Staff are subject to conduct and disciplinary policies.

As part of the University's efforts to promote and maintain a safe and secure campus environment for each member of the UD community, the security officers provide a regular program of prevention services including:

- Responding to emergencies and accidents.
- Working with local law enforcement agencies to exchange information and to assist in incidents involving the University community on or off-campus.

In accordance with the Federal Government's Student Right-To-Know and Campus Security Act, the University of Dubuque maintains an annual security report that is available to students and employees that includes security policies and procedures, on-campus crime statistics, and information concerning the University's programs for dealing with drug prevention and sexual assaults. Any student may obtain a copy of the University's Annual Security Report from the Campus Security office or by visiting the UD webpage and clicking on the Jeanne Clery Act link at the bottom of the page. .

Security of Residence Facilities

To improve building security, the University utilizes a computerized access system with card readers for several buildings on campus. You must have your University ID card with you at all times and available to University officials if requested. DO NOT provide access to unauthorized persons who attempt to enter residence halls or other campus buildings. If you are uncomfortable with a safety issue, contact the Safety and Security Department x3333 or 563.589.3333. Individuals found propping doors open or forcefully pulling on the doors in any residence facility will be found in violation of University policy. Sanctions may include repair costs as well as fines of up to \$100.00 and removal from the residence unit.

Your Personal Safety on Campus

The University of Dubuque's Safety and Security Department is fully committed to maintaining a safe campus where students, faculty, and staff can work and study in a secure environment. Safety is a shared responsibility and security begins by being aware of one's surroundings and reporting suspicious persons, activities, or safety concerns. The cooperation, involvement, and vigilance of students, faculty, and staff in a campus safety program are needed to make our campus as safe as possible. We encourage all UD community members to take responsibility for their own safety and security by reporting crimes, suspicious activity, or other emergencies immediately to the Safety and Security Department. By accepting this responsibility, members of the UD community assist in maintaining a safer and more secure campus environment.

Since the opportunity for crime exists everywhere, the campus community should also take precautions to avoid dangerous or risky situations. The following are safety and security tips:

- Use the "buddy" system when walking, especially after dark.
- Park vehicles and/or walk in well-lighted areas.
- Use the escort service on campus which is available 24 hours a day by calling Security at x3333 or 563.589.3333.
- Lock and double-check residence halls and vehicle doors and windows when leaving, even if for a short period of time.
- Be sure to report lost keys or ID cards immediately.
- Don't leave your possessions unattended.
- Don't leave large amounts of money in your room, and keep valuables out of sight, if you can't keep your valuables on your person.
- Make a list of your valuables, including books, and mark them with an ID that can help in their recovery and record serial numbers of valuables such as DVDs, stereos, computers, etc. Take photos of items. Have valuables such as computers engraved by the Safety and Security Department through Operation Identification.
- Report any broken or flickering lights, dimly lit corridors, and broken locks or windows.

Wireless Access

The entire University campus is wireless. If you have problems connecting, please contact the Help Desk at 563.589.3737 for assistance.

Computer Usage

By signing the "Agreement for Use of the Computer System," you will be able to take advantage of all the privileges of using the University of Dubuque's computer and telephone systems. These services include:

- Microsoft Office Applications (Word, Excel, PowerPoint, Access, Publisher, and FrontPage)
- Research programs/Library catalogues
- Adobe Acrobat Reader
- Network storage space for your files (access locally and via Internet)
- Internet access
- University email account (access locally and via Internet)

Getting Started

Requirements for accessing high speed internet in the residence halls:

- A PC or laptop with Windows 7 or Windows 10.
- A network interface card (NIC) or wireless NIC card.
- An Ethernet cable to attach to the network port in your room when not using wireless (optional.)
- Knowledge of your network username and password.

Your computer must meet five basic requirements before you can connect to the University Network and gain Internet access:

1. Latest Windows critical updates for your operating system
2. Antivirus software
3. Most recent virus definition files for your virus software

In order to determine that your computer meets these requirements, you must install the ClearPass agent which will scan your PC for the three basic requirements. The results of the scan must indicate that all requirements are met before connecting to the Internet. If any of the basic requirements are not found during the scan, you will be provided with information to allow ClearPass to recognize your device as Healthy. Documentation and instructions on this process are at the UD Help Desk Office (lower level of Van Vliet Hall), in the Technology area of the UD website at <http://www.dbq.edu/tech>, and available through orientation.

Print Counts

Please note in the Acceptable Use Policy, under Access, Item #6, 250 prints will be allotted to each student per semester at no charge. When this allotment is diminished, additional print counts of 250 each can be purchased from the Student Accounts Office, second floor of Smith Hall. Print counts carry over from one semester to the next. Printing to a color printer will use more print counts than a monochrome printer.

Technology Acceptable Use Policy

The Communications section of this policy applies to the University telephone and Voice Messaging System, as well as the computer network system.

Access

1. Access to, and use of the computer systems and networks, is limited to the faculty, staff, and students of the University of Dubuque. Others may be granted access for good cause at the discretion of the University.
2. Acceptable use of hardware and software includes study, research, teaching, and administrative work. Incidental personal use is not permitted without express permission of a University Vice President or President.
3. All enrolled students will be granted full access to select software application, and the Internet. Enrolled students are provided with an e-mail account and remote access capabilities.
4. Attempts to gain access (log in) to another person's account, or attempts to read someone else's mail or files, unless the owner publishes the file on the Internet, is prohibited. Sharing an account with another person is prohibited. Passwords are to be confidential.
5. The University of Dubuque Computer System is capable of tracking "footprints" of all users. If a user disputes allegations of inappropriate use, the Office of Technology will make any relevant tracking documentation available as evidence to administrative and/or investigative authorities.
6. The University of Dubuque uses blocking and shaping software to control Internet usage. Various inappropriate sites will be blocked. Academic and Administrative use is given priority over social use. This may result in social Internet sites being unavailable during peak usage times.
7. Students will be provided with an initial amount of 250 sheets of paper each semester for printing in the computer labs. Amounts used beyond that will be charged to the students at a rate that will cover the costs of paper and ink. Balance information is available anytime the student logs into the computer system.
8. Students living in University housing may connect to the University network. Prior to connecting to the network, students must install a Client Security Agent (CSA) which will scan their PC for the five basic requirements.
9. Network connections for students living in University housing will be deactivated if devices such as routers are plugged into data ports, or if any unusual traffic or security issues are detected. The student may need to bring in the desktop or laptop for recertification to the Office of Technology if a virus or other traffic generating activity is suspected

Data

10. The University will take reasonable efforts to back up all data and files saved on the University servers. The University assumes no liability for data lost or destroyed.
11. The University of Dubuque does not guarantee computer systems to be safe from system errors or operator failures.
12. The Office of Technology will back up and protect all files and databases within the Administrative Software Application and Academic Servers. Files saved to the server by employees and students will also be backed up.
13. The Office of Technology may inspect or remove personal files only as needed to diagnose problems and maintain the system in good working order. Reasonable effort will be taken to notify

the owner prior to their removal.

14. Unauthorized use, duplication, or transmission of copyrighted material (including software) is prohibited.

Communications

15. The University computer and telephone system may not be used for illegal activities, nor may it be used to threaten or harass others. The system may not be used to send chain letters or to post solicitations or advertisements. Individuals who believe they are being harassed are to process the incident through the Human Resources Office or the Vice President of Student Engagement and Intercollegiate Athletics.
16. Email should be used with the understanding that electronic communication is never really private. It is recommended that persons not use e-mail for items they would not want the world to see.
17. Mass email or voice mail (a.k.a. spamming) from any student or employee to the larger University of Dubuque community (students, employees, or both) must first be approved by the Vice President of Student Engagement and Intercollegiate Athletics over the requesting office (*see the Mass Email Policy for further details.*) Periodic messages may arrive via mass email or voice mail from the Office of Technology that relate to the functionality of the network.
18. The University of Dubuque Computer System is not a public forum and cannot be used for indiscriminate use. Use of the campus network (and all electronic components under the auspice of the Office of Technology, including voice mail) must be consistent with the Mission, Values, and Vision of the University. Any activity that does not reflect the University mission will be considered a violation of the Acceptable Use Policy and can result in restricted or eliminated access to the computer system. Examples of activities that are not permitted are:
 - A. Commercial Use – No student or employee can use the University of Dubuque Computer System or other equipment to offer or provide products or services unless approved by the University Administrative Cabinet. Purchasing products and services via the campus system is at risk of the user. The University of Dubuque is not responsible for financial obligations from unauthorized use of the system by anyone.

 - 2) Speech, or use, that is inappropriate:
 - a. Inappropriate language, video, or graphics—obscene, profane, lewd, vulgar, disrespectful, threatening, or inflammatory language; harassment; personal attacks, including prejudicial or discriminatory attacks; or false or defamatory material about a person or organization.
 - b. Dangerous information—information, which if acted upon, could cause damage or present a danger of educational or business operation disruption.
 - c. Violations of privacy—revealing personal information about others.
 - d. Abuse of resources—chain letters, “spamming,” jokes, or other such mail.

(Spamming is sending an annoying or unnecessary message to a large number of people.)

- e. Sending messages for the purpose of selling goods or soliciting responses for goods or services. (This excludes sales announcements by administrative/ academic departments and University related groups.)
- f. Copyright infringement or plagiarism.
- g. Pornographic material—electronic and printer material which, by their design, are salacious, lascivious, lecherous, lustful, or demeaning to humans in their portrayal of aberrant sexual behavior.
- h. It is unacceptable to distribute a computer virus or engage in any procedure that interferes with the normal operation and delivery of services over the network.

Hardware and Software

- 19. Users of the UD network should conserve network resources. Activities that result in excessive use of network bandwidth, server storage, or system time are restricted (this specifically includes the downloading and storing of video or music files.)
- 20. Only legal, licensed software applications may reside on or be transferred over the UD network. Reproduction of such software or its related documentation is forbidden unless explicitly authorized by the software developer. - 22. Tampering with terminals, microcomputers, printers, or any other associated University- owned equipment is strictly forbidden. Removal of computer equipment, disks, paper or documentation from a computing facility is also unacceptable.

Consequences

- 23. Violation of the above policy and any other inappropriate use of the computer system, Internet, telephone system, or any systems under the purview of the Office of Technology will result in the suspension of the privilege of use. Suspension of use will be immediate, with the duration of the suspension then determined by the University judicial processes. The System Administrator may close a suspect account at any time, as required, and will in the case of a University student, then notify the Vice President of Student Engagement and Intercollegiate Athletics and the Vice President of Academic Affairs, and in the case of a Seminary student, then notify the Dean of the Seminary. The administration, faculty, and staff may request the Office of Technology to deny, revoke or suspend specific user accounts. Any person identified as a security risk may also be denied access. If an employee of the University is in violation of the policy (as previously described), they will be subject to discipline in accordance with University Policy.
- 24. Any person, or persons, altering or attempting to alter without authorization, the cabling or component of any computer system, will be restricted from access and/or subject to criminal prosecution, if appropriate.

other institutions when those complaints pertain to inappropriate use, including messages that are sent by University of Dubuque students.

26. A student suspected of violating the Acceptable Use Policy will be notified via campus email, mail, telephone, or appointment with the Office of Technology. An office of a Vice President or the President will notify University employees suspected of violation. It should be understood that the above policies do not preclude prosecution in cases of criminal misconduct under current laws and regulations of the city, the state, and federal government.

ADDITIONAL UNIVERSITY POLICIES AND PROCEDURES

This section contains policies and regulations that will help students understand their rights and responsibilities. It is important to understand that, in addition to specific University policies, all local, state, and federal laws pertain to behavior on campus. Students are responsible for familiarizing themselves with the rules and regulations outlined in this handbook. Students are expected to be responsible for their own behavior at all times.

People who live in communities generally find it necessary to establish rules and regulations governing their behavior. Whether the rules are elaborate codes of law or simply unwritten norms of acceptable behavior, those rules of society are established to afford the greatest safety and comfort possible to the members of the community. In this regard, the University community is not unlike other communities. Written and unwritten standards of conduct have been established over the years to allow the collective group of scholars and students the opportunity to pursue knowledge within a compatible environment. Students at UD are expected to act as good citizens by exhibiting respect for order, morality, personal honor, and the rights of others. The University also expects that in all relationships, students will be guided by a mutual concern for each other's integrity, needs, and feelings. Not only should students be concerned about their own behavior, they should extend support and direction to fellow students whose behavior appears harmful to themselves or the community.

A mutual respect for property (personal and University), individual rights, freedom of expression, due process, freedom of access to University buildings and services, and intellectual growth and development is essential for the wellbeing of the college community.

The University reserves the right to implement its student conduct system for illegal acts of local, state and federal laws, wherever these acts are committed, and for violations of University policies. Nothing contained herein should be deemed a limitation upon the expressed and implied powers or duties of the University of Dubuque's Board of Trustees or the administrative officers of the University.

ACCESSIBILITY SERVICES Students with Disabilities

The University of Dubuque (UD) complies with the Americans with Disabilities Act Amendments Act of 2008 (ADAAA), Section 504 of the Rehabilitation Act of 1973, Fair Housing Act, and other applicable

federal and state laws that prohibit discrimination on the basis of disability. UD encourages students with documented disabilities to fully participate in the community of the University of Dubuque. All faculty, staff, and administrators will actively support students with disabilities in all the University's educational programs, services, and activities.

Accessibility Services coordinates academic adjustments and accommodations for students with disabilities. The process involves a student-initiated review of the individual's documentation, consultations with the student to identify appropriate accommodations, production of a Verification of Individual Student Accommodations (VISA) letter, as well as support and education of campus community members who are responsible for the implementation of accommodations. UD is committed to providing access for all members of the learning community.

Responsibility for Identification and Request for Accessibility Services

It is the responsibility of the student with a documented disability to initiate a request for reasonable accommodations, based on their disability, by contacting the Accessibility Services Coordinator. It is also the student's responsibility to provide current and supporting documentation to the coordinator that aligns with the requested academic adjustments. All expenses incurred with acquiring the appropriate medical documentation are the responsibility of the student. Follow-up consultation with the Accessibility Services Coordinator will assist the student in identifying potential accommodations based on the individual student's needs, preferences, and available resources. Although every appropriate effort will be made to provide students with their requested accommodations, the University of Dubuque cannot provide accommodations that fundamentally alter a course's essential design or learning outcomes. If the University has reason to doubt the validity, accuracy, or completeness of the medical documentation, UD may require, at its own expense, the re-examination of the student and/or additional documentation from a service provider designated or approved by the University of Dubuque.

To review, the process for identification begins with the student self-disclosing to the Accessibility Services Coordinator the nature of their disability. Upon the initial contact by the student to the Accessibility Services Coordinator, the Accessibility Services Coordinator will review procedural expectations with the student; students with disabilities are expected to follow standard office procedures for requesting and acquiring accessibility services/accommodations relative to their disability. Requests should be made in a timely manner (preferably prior to the start of a term or shortly thereafter). Accommodations cannot be granted retroactively.

Standard office procedures will include:

1. The student will contact the Accessibility Services Coordinator to request an accommodation.
2. It is the student's responsibility to provide up-to-date documentation to support their request.
3. The Accessibility Services Coordinator will review the student's medical documentation and meet one-on-one with the student to discuss potential accommodations.
4. Based on the documentation, the Accessibility Services Coordinator will provide a pdf copy of the Verification of Individualized Student Accommodations (VISA) letter via the student's UD email address.
5. The qualified student will provide their VISA letter to the professor/instructor of any course in which they are requesting the specific accommodations.

6. An instructor who has concerns regarding the provision or nature of the requested accommodations should address those concerns with the Accessibility Services Coordinator, who will act as a liaison for the qualified student, and also consider the extent to which the accommodation fundamentally alters the course's essential design or learning outcomes. Consultation with the Dean for Undergraduate Studies will be established.
7. Any additional requests for further accommodations should be made by the student and directed to the Accessibility Services Coordinator.
8. It is the responsibility of the student with a VISA letter to follow up with all professors/instructors, or other UD department(s), to ensure the accommodation is provided in a timely manner.
9. Faculty members who are not familiar with specific or appropriate accommodations should contact the Accessibility Services Coordinator for clarification and educational assistance.
10. In the event a faculty member denies an accommodation, the student with a documented disability may request a joint review of the decision by the Accessibility Services Coordinator, the Dean for Undergraduate Studies, and the office of the Vice President for Academic Affairs. Findings and recommendations will be forwarded to the President for a final decision.

All supporting documents related to the student are stored electronically and will be maintained and disposed of according to the University's established protocol. This information is also available on the UD webpage or at:

<https://www.dbq.edu/Academics/AcademicSupportSuccess/AccessibilityServices/>

Tests and Examinations

Examinations, tests, and other methods of evaluating students with documented disabilities will be conducted in a manner that ensures the results of the evaluation represent the student's achievement in the course rather than reflecting the student's disability. Appropriate methods of alternative testing for students with documented disabilities will be determined on an individual basis, taking into consideration the type and extent of the student's disability, and the nature of the course material, provided that the alternative method of testing is practical and not cause an undue burden or fundamental alteration in the nature of the testing program objectives and outcomes. Testing formats that can be demonstrated as essential to the integrity of the program of instruction being pursued based on any licensing requirement will not be considered as unlawfully discriminatory within the confines of this policy. Alternative methods of testing may include, but are not limited to: additional time, use of a reader software, alternative forms of the test such as large print, Braille, taped or audio versions; use of special equipment such as a computer or closed-circuit magnifier; alternative test location; or any necessary combination of these alternatives. While it is necessary at times to have differences in specific requirements and in methods of evaluation, the overall level of academic challenge for qualified students with disabilities shall be equivalent to that for other students.

Auxiliary Aids

UD will provide qualified students with disabilities access to the appropriate auxiliary aids necessary to allow reasonable participation in the University's educational programs and activities, unless it fundamentally alters the nature of the program or activity in a way that interferes with the integrity of the program of instruction being pursued or based on any licensing requirement. Auxiliary aids include services, adaptive equipment, or other educational assistance that enables a qualified student with a disability to participate in or benefit from the educational process. Auxiliary aids may include, but are

not limited to: software, readers, sign language interpreters, note takers, tutors, and special equipment. The Accessibility Services Coordinator will assist qualified undergraduate and graduate students in locating tutors and readers. UD does not provide personal attendant care. The Accessibility Services Coordinator will help identify service providers and special equipment on campus or in the community. However, it is not the financial responsibility of the University of Dubuque to provide personal devices or services. Rules may not be imposed on a qualified student's use of auxiliary aids if the rule would have a limiting effect on the student's participation in the educational process (e.g., prohibiting guide dogs, interpreters, tape recorders, or other necessary special equipment in the classroom.)

In unusually difficult cases, UD may provide alternative methods by which the qualified student with a disability may effectively meet educational requirements. Any such alternatives must be practicable and not interfere with the integrity of the program, or activity, or any licensing requirements. Such alternative methods may include, but are not limited to the following: course substitution, curricular modification, and extended time to meet requirements. Such accommodations will be employed only when deemed necessary and so long as the alternative method is nondiscriminatory in nature, is not unduly limiting to the educational process of the student with a documented disability, and is reasonable under all of the circumstances.

Students with documented disabilities requesting auxiliary aids are expected to provide the Accessibility Services Coordinator access to medical, educational, psychological, or other information as necessary to assess the need for auxiliary aids. UD reserves the right to disallow the use of auxiliary aids that are, or are reasonably likely, to be disruptive to the academic environment.

Complaint Process

Students with disabilities have the right to initiate complaints regarding discrimination on the basis of disability. Complaints will be addressed through a formal appeals procedure. Relief may be sought from decisions, actions, or conditions that are believed to be in violation of the law or this policy statement.

Any member of the student body who believes they have not been reasonably accommodated as required by law or this policy, or who believes they have been unlawfully discriminated against on the basis of a disability, may initiate informal or formal actions for complaint resolution as outlined in the University of Dubuque's Harassment Policy. These procedures are published in the Student Handbook or may be obtained from Student Life. The Accessibility Services Coordinator can be contacted at 563.589.3262 or at ASC@dbq.edu.

AIDS POLICY

Our understanding of AIDS (acquired immune deficiency syndrome) and positive HIV (human immunodeficiency virus) is still evolving and the need for education and prevention, continues to be in the limelight. Our understanding of the disease and treatment is a health care concern and higher education focus.

Looking at the latest information available about the AIDS virus, we find that it can be transmitted in the following ways:

- Through sexual intercourse (homosexual and heterosexual);
- Through use of contaminated needles by drug abusers (mind-altering and steroid);
- To infants from infected mothers in utero, or through infected breast milk (although decreasing due to treatment options);
- Through contaminated blood products or transplants, however, with the increasing reliability of prescreening and testing, this possibility is very minimal; and
- Through exposure to contaminated blood through an open wound (this is rare and of main concern to health care workers).

An exchange of body fluids must occur. AIDS is not transmitted by airborne particles and does not survive well outside of the body. No cases of casual contact have occurred, even among family members providing direct care to AIDS victims.

We have learned many things about AIDS, and while treatments and early care have greatly increased longevity, no cure has been found. Prevention of infection continues to be the focus. Much has been done to decrease the amount of overt discrimination to which an infected individual is subjected. In light of this, the University of Dubuque has adopted the following guidelines. It is the policy of the University of Dubuque to respond on a case-by-case basis to any known case of the disease. Due to the uniqueness of each case, there is no predetermined way any particular case will be handled. Through set guidelines, we hope to provide consistency, fairness, and accountability.

Access to Facilities

Students with known HIV infection or AIDS will be allowed to attend the University in regular classroom settings and will be eligible for all academic rights, privileges, and services provided to students. This includes University housing, access to the dining hall, and the use of athletic facilities.

Confidentiality

All information will be kept in the Smeltzer-Kelly Student Health Center. HIV testing or the diagnosis of AIDS shall remain confidential until the individual gives written and specific consent when and with whom the information shall be shared. The information will not be disclosed to staff, faculty, family, or students, including roommates, unless permission is granted. The only (rare) exceptions will be those agencies, as specified by law, public health officials (case reporting), blood banks, and organ-procurement agencies. Should a case be present in which there is a clear, specific danger of transmission that can be demonstrated by competent medical evidence, the assistance of the local public health officials shall be enlisted.

HIV Antibody Testing and Counseling

HIV testing and counseling are available to all students through Hillcrest Family Services. The testing is confidential and a free service. To schedule an appointment or for additional information, contact the Smeltzer-Kelly Student Health Center at 563.589.3360.

Housing

Students with known HIV infection or AIDS are permitted to live in University housing. No information regarding a resident's condition will be shared with anyone unless written permission is granted by the resident. Residents may choose to inform their roommates and the Office of Residence Life about

their status. However, they have no obligation to do so.

No special priority is given to residents requesting room changes strictly because of the concern of becoming infected with the HIV virus. All residents are required to follow proper room change procedures. Staff may encourage concerned residents to seek AIDS information for more clarification, if needed. Requests for single rooms, or approval to live off-campus, will be given due consideration for students infected with HIV because they may be at an increased risk of acquiring infections. Students requesting special housing status will be judged on a case-by-case basis. As with any other serious change to brain or physical health condition, residents may be asked to leave because they are not receiving sufficient medical treatment and/or because they are detrimental to the educational living environment of the rest of the community.

If housing concerns arise, contact the Vice President of Student Engagement and Intercollegiate Athletics. The University is committed to a living environment free from abuse, intimidation, and harassment where everyone is treated with respect and courtesy, including staff members.

Intercollegiate Athletic Program

No student shall be forbidden to participate in any athletic program (varsity or intramural) solely on their HIV status. Students are not required to inform coaches or teammates. However, entering varsity athletes are required to have a physical examination before being allowed to play (HIV testing is not required.) We encourage any athlete who is HIV positive, or who has any chronic health problem, share this information with the Smeltzer-Kelly Student Health Center in a confidential manner. Each case must be evaluated on an individual basis to ensure that playing a sport will not be detrimental to the individual. Should any student sustain an injury in which bleeding is present, the athletic trainers and coaches shall have the means and education available to prevent possible transmission of illness.

Responsibility of Infected Individuals

Individuals who are infected with HIV, or who have a reasonable basis for believing that they are infected with HIV, must conduct themselves responsibly for the protection of themselves and other members of the University community.

Medical Treatment and Psychological Follow-Up

The UD Counseling Services shall assist the student to make provisions for medical, psychological, and support services that promote the best physical and mental change to brain health of persons with HIV infection. If these services are beyond the scope of services provided on campus, the University shall identify other care providers who will see students by referral.

ALCOHOL, TOBACCO, AND OTHER DRUGS

Mission: The University of Dubuque is committed to stewardship of all God's human and natural resources.

University Policy

The following is the University policy regarding the use of alcohol, drugs, and tobacco:

- Students are expected to abide by all Iowa state laws and statutes regarding the use, possession, distribution, and consumption of alcoholic beverages. In order to consume alcohol legally in the state of Iowa, you must be 21 years of age.
- Alcohol use, possession, distribution, and/or consumption or possession of an alcohol container on the University campus or at any activity off-campus that is sponsored by any University organization, department or group is strictly prohibited. The President, or appropriate designee, may approve exceptions to this prohibition to allow possession or consumption of alcoholic beverages by persons of legal drinking age at designated special events. For clarification regarding this policy, please contact the Vice President of Student Engagement and Intercollegiate Athletics. No alcoholic beverages may be present at any activity for the purpose of initiation, admission into, affiliation with, or as a condition of continued membership.
- Illegal drug use, possession, and distribution (including the abuse of prescription or over-the-counter drugs) and any paraphernalia related to illegal use, is prohibited.

Alcohol and Drug-Related Counseling

The University understands the need for strict adherence to the law in cases involving alcohol, drugs, and other addictions. However, as part of its *Mission*, the University also practices compassion toward those with abuse and/or dependency of a substance or other addictive disorders. To this end, University officials will try to assist students in receiving professional counseling and/or treatment to support them in becoming productive members of the University family and society. Students in need of services due to abuse and/or dependency of alcohol, drugs, or other addictions are welcome to contact the Smeltzer-Kelly Student Health Center at 563.589.3360 to assist with a confidential and

professional referral to an appropriate service within the tristate area or through the student's preferred provider within their insurance plan. The referral service is provided at no charge to the student. The Smeltzer-Kelly Student Health Center does not provide treatment for alcohol, drugs, or other addictions. However, the health center has strong partnerships with area resources such as: Area Substance Abuse Council (ASAC), Substance Abuse Services Center (SASC), Hillcrest Family Services, Turning Point Treatment Center, area hospitals and clinics, intervention services, and other alternative providers.

For more information and a list of area resources, contact the Smeltzer-Kelly Student Health Center 563.589.3360.

MASS EMAIL AND UNSOLICITED EMAIL POLICY

The focus of this policy is to govern the use of mass email communications via the University of Dubuque servers and network. The University maintains email distribution lists to facilitate communication within the campus community. To help protect the University's email and other resources from computer viruses, worms, SPAM email, etc., the University has established a Mass Email and Unsolicited Email Policy. This policy ensures the University's ability to deliver mission-critical or time sensitive information relevant to the University's business and mission.

Permission to send a mass email: Various individuals have been authorized to transmit mass email messages through their office/department email accounts. All mass emails to a large audience must be authorized and sent via the authorized individuals below. Exceptions or requests outside the scope will be handled on a case-by-case basis. Mass emails requests should be directed to:

- Academic-related information to AKendall@dbq.edu.
- Athletic-related information to WWipperfurth@dbq.edu.
- Student organization-related information to OSA@dbq.edu.
- All other information to NEdmonds@dbq.edu

While faculty, staff, and students can maintain personal group lists, those lists should not be used to send unsolicited or mass emails that violate any of the University's policies. Sending unapproved or unsolicited mass email messages via a University's email account, including the sending of "junk mail" or other advertising material to individuals who did not specifically request such material (email spam), is prohibited.

Questions or comments about these guidelines may be directed to the Vice President of Student Engagement and Intercollegiate Athletics at 563.589.3867 or NEdmonds@dbq.edu

Official University stationery in any form may not be used for personal use.

The University and Seminary logos are trademarks of the University of Dubuque and are important to the overall image of each of the entities. This also includes their names and certain logo types are required with their use. Approval must be obtained from the Office of University Relations prior to the use of UD logos for any purpose.

PARKING & MOTOR VEHICLE POLICIES

These regulations are provided to ensure the safety of drivers, pedestrians, and property, as well as manage parking for all who drive a vehicle on and around the University of Dubuque campus. All persons registering or driving a motor vehicle on UD property are responsible for knowing the rules and regulations governing parking and traffic. All persons who wish to park in any of the University parking lots must register their vehicle with UD's Safety and Security Office.

NOTE: The purchase of a parking permit does NOT guarantee a parking space. Parking is available on an "as available" basis.

University parking permits are required in all University parking lots. Parking lot types are designated by a sign at the entrance to each lot. It is the driver's responsibility to observe and obey the signs. Due to space limitations, only one car or motorcycle per campus resident may be kept in campus lots. The same parking rules apply to motorcycles as to cars. Permits are not transferrable.

Students must register vehicles by the end of the third week of classes or within 24 hours of bringing a vehicle on campus. In order to register, a valid driver's license, current proof of insurance, and the state vehicle registration form must be provided before a permit will be issued.

Students may register their vehicle online at <https://www.permitsales.net/UofDubuque>. Permits may be picked up at the Office of Safety and Security, located in the lower level of Smith Hall, Room 112.

All vehicles parked on UD campus properties must be currently licensed and **operational at all times**. Vehicles may not be left on campus unattended for extended periods of time. If you need to leave your vehicle in a residence hall parking lot over Semester or Spring Break, please contact the Office of Safety and Security to make appropriate arrangements. Vehicles may not be left on campus during summer break when you are not currently enrolled, or if your status shows that you are no longer a student at UD.

Permit Requirements & Parking Lot Assignments

All vehicles parked on the UD campus properties must have a current UD Parking Permit. The UD Parking Permit is to be displayed inside the lower left corner of the vehicle's windshield. Permit should be fully attached with the adhesive. Any permits taped or not fully adhered to the window will be cited for Improper Display. The Safety and Security Office issues the following types of permits, which must be properly displayed to park on UD properties:

- Faculty/Staff – may be purchased by employees of the University; specific to designated lots as stated on the hang tags, which must be hung from the rearview mirror on the front windshield.
- Commuter – may be purchased by students who reside off campus; specific to lots designated on the permit.
- Resident – may be purchased by students who reside in any UD-owned resident housing unit.
- Neighbor – for students who reside in private homes or UD owned campus houses located in “No Student Parking” areas. This permit is free, but a student is NEVER to park in any campus lot.
- Motorcycle –no fee for motorcycle with purchase of a vehicle permit.

The following short-term Parking Permits are available 24 hours a day from the Safety and Security Office:

- Visitor Permit – guests of students and the University are welcome to park in the Severance Lot located on Algona Street across from Severance Hall. Visitors should obtain a temporary parking permit if they plan to visit longer than a day or if there are no spaces in the Severance Lot.
- Temporary Parking Permit – are issued in the event of repairs, newly purchased cars, or rentals and are valid for no longer than two weeks at a time. Persons receiving a temporary permit are responsible for rules and regulations pertaining to parking on UD property.

Parking Fees

Student Parking Permit: \$99.00 per year

Replacement Permit: (with old sticker, in pieces) No charge

A fee for a permit will be billed to the student's account. Students who live off-campus as a resident of a house located on a street surrounding the University or designated through the City of Dubuque as a “No University Employee or Student Parking” area, should still register their vehicle at no charge. This helps to limit parking only to the residents that reside at that address.

No Parking Areas

No Parking areas include any areas marked by permanent or temporary signs, grassy areas, building entrances, crosswalks, garage entrances, and any other area not designated as parking areas. The absence of “No Parking” signs does not imply that parking is allowed. It is illegal to park in any area that is not designated for parking. Parking on most streets surrounding the University is prohibited by signs marking areas designated as “No University Employee or Student Parking” areas. The Safety and Security Department monitors these “No UD” areas at the request of the City of Dubuque and nearby residents. The fine for parking in these areas is \$25.00.

Grace Street is designated as a residential district and all non-resident parking is prohibited by the City of Dubuque.

In addition, parking is not allowed in the following areas:

- Service lane between Peters Commons and the Science Center.
- Loading area and drop zone behind Peters Commons.
- Stoltz Sports Center service lane behind Smith Hall.
- Service drive behind Cassat and Donnell Halls.
- Drive-through lanes in all parking areas.
- All areas marked as fire lanes, either by sign or yellow-painted curb.
 - The access circle for the Townhouses is considered a Fire Lane and is posted No Parking.
- All sidewalks and patios on campus.

Do not park in Handicapped Parking spaces, including the striped areas alongside the designated space, without the appropriate state issued permit. Handicapped parking is enforced 24/7 in all lots.

General Parking Regulations

Parking in all University lots requires an appropriate University of Dubuque permit, which you can obtain from Safety & Security.

Parking is prohibited within:

- 15 feet of a crosswalk
- 10 feet of a fire hydrant
- 4 feet of a driveway

Vehicles **MUST** be parked in marked spaces and within each space markings. Emergency flashers will not be acknowledged as a signal for short term parking.

Reckless driving/speeding is considered a blatant disregard of personal safety and property.

Townhouse Parking

Do **not** park on the circle streets in front of the townhouses. Parking on these streets may block emergency vehicles and they need to be able to access the area 24 hours a day. Please park in driveways close to the garages so the vehicles are not blocking the vision of drivers backing out of driveways.

Parking Fines

Violating University of Dubuque's Motor Vehicle and Parking Policies will result in the following fines:

- Handicapped Parking violation: \$200.00
- Parking in a fire lane or alley: \$50.00
- Falsifying a permit: \$50.00
- Careless or reckless driving: \$75.00
- No current permit: \$99.00
- Parking on the grass or on a sidewalk: \$25.00
- Parking in a "Faculty/Staff Parking" area: \$25.00
- Parking in a "Visitor" parking area: \$25.00

- Parking in a “No University Employee or Student Parking” area: \$25.00
- Parking where “Permit Not Valid in Lot”: \$25.00
- Improper parking: \$15.00
- Improper display of permit: \$25.00
- Parking Prohibited: \$25.00

All parking fines are the responsibility of the student registering the vehicle. All parking fines are to be paid in the Student Accounts Office on the second floor of Smith Hall. Failure to pay parking fines in a timely manner will result in those fines being charged against your student account. Please note that unpaid student charges, including unpaid parking fines, may prevent registration for classes and the withholding of grades and transcripts.

Parking Questions and Violation Appeals

Questions concerning parking violations can be addressed with the Office of Safety and Security. Appeals on traffic or parking violations must be made in writing and e-mailed to Security@dbq.edu or brought to the Security office, lower level Smith Hall, Room 112.

Vehicle Tow Policy

Any vehicle blocking another vehicle, a driveway, or a fire lane is subject to towing without notice, at the owner’s expense. Vehicles with excessive tickets are considered habitual violators of the parking regulations, and may be subject to judicial referral to the Office of Student Life and/or towed at the owner’s expense. Vehicles left abandoned or not operational will be subject to towing unless the owner has made arrangements with the University.

Bicycle Parking and Skateboard Policy

The University of Dubuque has an obligation to provide a safe environment for students, faculty, staff, and visitors and to protect University property. Skateboarding may present a safety issue for drivers, pedestrians, and the skateboarder. Skateboarding can also cause significant damage to benches, railings, steps, curbs, and trash receptacles. Therefore, skateboarding, skating, and cycling are not permitted on campus, except for special events scheduled by the University. Bicycling is permitted in designated areas only.

Campus includes inside of buildings and the property surrounding the buildings, including campus steps and parking lots. “Skateboarding” refers to any motion of the skateboard with a rider on the board. “Skating” refers to the motion of skater wearing inline or regular skates. “Cycling” refers to riding by whatever means with one or both feet on the bicycle or unicycle.

All bicycles must be parked in the designated bicycle racks provided by the University on campus. If they are parked elsewhere, they may be removed by Safety and Security for safety reasons. Do not lock bicycles to trees, signposts, lampposts, railings, or anywhere else on campus where they may be an obstruction. When not in use, bicycles should be locked to a bicycle rack at all times with a heavy-duty steel chain and padlock (both with at least a ¼" shank) or U-type bar lock. Any bicycles found abandoned, locked in an improper location, or left in a bicycle rack after the end of the academic year (May 01) will be removed and placed in a storage area for 30 days. After 30 days, the University will dispose of such bicycles by donating them to a charitable institution that distributes bicycles to needy

families. The University of Dubuque assumes no responsibility or liability for bicycles abandoned, left in improper locations, or left unclaimed for more than 30 days.

All gas powered vehicles, motorcycles, mopeds, and motorized bicycles must be registered with the Office of Safety and Security and parked in designated areas only (not in bicycle racks.)

Due to reported safety risks with hover boards (self-balancing scooters,) the University prohibits the possession, use, or storage of these items on campus. This includes all self-balancing scooters, such as hover boards, Segways, battery-operated scooters or bikes or similar devices. UD will continue to monitor information provided by the Consumer Product Safety Commission as they investigate reported concerns and work to develop safety standards.

POSTING POLICY

All postings must be on the designated bulletin boards on campus. Posting on walls, doors, or windows will not be permitted. The University reserves the right to remove all non-approved or unauthorized postings.

Postings that are directly connected to a UD campus department, course, or registered organization can be posted on campus **after** receiving approval and a stamp from the Office of Student Life (563.589.3583, 2nd Floor of Peters Commons.) Please note that for some posting locations, additional approval is also required. Any posting without prior approval and a stamp may be removed and discarded. Thumb tacks, push pins, or masking tape should be used when posting on the bulletin boards; no duct tape, packaging tape, or nails. Postings should be removed within 48 hours of the conclusion of program or event. If these guidelines are not followed, organizations and/or departments may lose posting privileges.

Postings not directly sponsored or affiliated with a UD campus department, course, or registered organization must also be “Approved for Posting” prior to being posted. Specific bulletin boards have been designated for non-UD related postings.

SOCIAL MEDIA POLICY

The University of Dubuque understands the need for social media use and sites such as Twitter, Facebook, Instagram, and others are used by the majority of students in one form or another. Students should be aware that third parties, including other students, faculty and staff, future

employers, media, etc., could potentially access individuals' profiles and view all personal information, including postings, pictures, comments, etc. Inappropriate material on social media sites can affect the perception of the student and the University. This could potentially be detrimental to students, including future employment options.

If a student's profile and its contents are found to be inappropriate in accordance with the expectations and guidelines of student behavior outlined in the Student Handbook, the student will be subject to disciplinary actions by Student Life, including potential suspension from the University.

Official University of Dubuque social media sites must be approved in concept and registered by the University prior to creation and publication. All official UD sites will be administered by and managed by a University employee, and must comply with applicable University policies governing employee behavior and acceptable use of electronic and information resources. Only public information may be posted on Official University social media sites.

SUBSTANCE ABUSE POLICY FOR THE STUDENT-ATHLETE

*Student-Athlete(s) [aka: Student-Athletes, Student Managers,
Student Coaches, Work Study (including First Aiders), Mascots, Cheerleaders]*

Philosophy

One of the greatest challenges facing society today is finding new and creative ways to control the increasing use of drugs and alcohol among students. The University of Dubuque recognizes the health risks and danger associated with the use of unlawful, illicit drugs and alcohol, and proposes the investitures of random drug testing to help control the temptation presented to many of our students. Colleges presently drug test under the approval of the NCAA, and private industry and businesses drug test prospective and present employees.

Individuals under the influence of drugs and alcohol provide a threat to the safety and the health of themselves and to others participating with them. They risk destruction of various body organs, addiction, the threat of diseases contracted through the use of non-sterilized paraphernalia, behavior modifications, and performance below their fullest natural ability levels.

The drug testing program will not affect the policies, practices, or rights of UD in dealing with any drug, alcohol, or tobacco possession or use where reasonable suspicion is obtained by means other than random testing. UD also reserves the right to test any UD student-athlete when there is reasonable suspicion to believe the student-athlete has used or is using a banned or illegal substance.

Alcohol Education & Testing Policy for the Student-Athlete

The goal of the University of Dubuque's (UD) Substance Abuse Policy for the Student-Athlete is to ensure student-athletes practice, compete and work to the best of their ability, free from the influence of substance abuse.

Five objectives accompany this goal:

1. Contribute to the education of the student-athlete regarding substance abuse by encouraging student-athlete participation in campus-wide substance abuse prevention programs.
2. Aid student-athletes in finding medical assistance and counseling for substance abuse related violations.
3. Facilitate compliance with NCAA regulations concerning substance abuse.
4. Protect the health and safety of all student-athletes.
5. Prevent an unfair competitive edge by those who abuse certain chemical substances.

Any use of a substance belonging to a class of drugs currently banned by the NCAA (see ncaa.org) may be cause for loss of eligibility. For further information regarding substance abuse or usage or other medical questions, contact the Smeltzer-Kelly Student Health Center Coordinator, Director of Athletics, or your Head Coach.

Procedures:

Consent

- As part of the NCAA rules for clearance to participate in an intercollegiate sport, each student-athlete must sign a form stating their understanding and willingness to abide by the UD Substance Abuse Policy.
- Each student-athlete must sign the NCAA Drug Testing Consent Form signifying they are aware they may be drug tested.
- Each student-athlete must sign a University of Dubuque drug-testing consent form stating they are aware they may be drug tested, both randomly and based upon reasonable suspicion.
- The UD Athletic Department reserves the right to conduct random drug testing or drug test any student-athlete if a member of the athletic department can show reasonable suspicion that a particular student-athlete is using, or in the case of anabolic steroids, has used any substance in violation of this policy. A positive test result will be considered a violation of this policy and may subject the violator to the consequences discussed below.

Reasonable Suspicion

- Reasonable suspicion is defined as a good faith belief, at the time of making the decision to test, that the information relied upon is accurate and there is reason to suspect that a student-athlete has used illegal or performance enhancing substances.

NCAA

- The University of Dubuque strictly adheres to the NCAA policies banning the use of performance enhancing drugs. The following are drug classes that are banned by the NCAA (NCAA Bylaw 31.2.3.1): Stimulants, Anabolic Agents, Diuretics, Street Drugs, Peptide Hormones and Analogues.

Introduction:

The University of Dubuque and its Department of Athletics has approved this policy and reserves the right to amend this policy as needed. Furthermore, this policy is not to be construed as a contract between the University and the student-athlete.

The University of Dubuque is concerned with the health, safety, and well-being of the student-athletes

who participate in its programs and represent the University in competitive athletics. Substance abuse is one of the most important issues facing athletics in society today. The use of illegal drugs, misuse of legal drugs and dietary supplements, use of performance- enhancement supplements, misuse of alcohol, and inappropriate use of tobacco are inconsistent with the standards expected of student-athletes at the University of Dubuque. This kind of substance use and abuse in sport can pose risks to the student-athlete's health and negatively affect their academic performance. It also can compromise the integrity of athletic competition and the ideals of the University of Dubuque. The Department of Athletics at the University of Dubuque believes it is our responsibility to do everything possible to protect the health and well-being of our student- athletes. Therefore, we have adopted the policy at UD of being "caringly intrusive" in the lives of our student-athletes.

Purpose of the Athletic Drug Education and Testing Program:

1. To adhere to NCAA, athletic conference, and university policies, rules, and procedures regarding licit or illicit drug use by student-athletes.
2. To disseminate information and educate student-athletes about problems associated with drug and alcohol abuse.
3. To deter student-athletes from using drugs and alcohol.
4. To identify student-athletes who are using illicit drugs or abusing alcohol or other illicit drugs and provide avenues for remediation.
5. To assure all student-athletes, parents, and University officials that the University of Dubuque and the Department of Athletics is committed to providing a drug-free environment for the conduct of all athletic programs.
6. To protect the reputation and integrity of the University of Dubuque athletic program.

Consent to Participate:

As a condition to participate in athletics at the University of Dubuque, each student-athlete will be required to sign a consent form agreeing to undergo drug testing and/or completion of an educational component. Failure to consent to or to comply with the requirements of this policy will result in suspension from participation or termination of eligibility to participate in athletics at the University of Dubuque. This includes anyone on the sport squad list.

Reasonable Suspicion Screening:

A student-athlete may be subject to testing at any time when the Director of Athletics, or his/her designee, determines there is individualized reasonable suspicion the student-athlete may be using a prohibited substance. Such reasonable suspicion may be based on objective information deemed reliable by the Director of Athletics or his/her designee. Reasonable suspicion may be found, but not limited to: 1) observed possession of or use of substances appearing to be prohibited drugs; 2) arrest or conviction for a criminal offense related to the possession or transfer of prohibited drugs or substances; 3) observed abnormal appearance, conduct, or behavior reasonably interpretable of being caused by use of prohibited drugs or substances; or 4) other evidence, including photos, videos, information displayed on social networking sites, police reports, crime logs, University security reports, Student Life reports (this includes the smell of drugs on the body of the student-athlete), etc.

If reasonable suspicion is verified, the Director of Athletics, or his/her designee, will notify the student-athlete and the student-athlete must subject themselves to the testing policies outlined within the

policy.

POLICY

Once “reasonable suspicion” has been brought to the attention of the Director of Athletics, or their designee, regarding the possible drug use of a student-athlete the student-athlete will be required to meet with the Director of Athletics or their designee. Based on the information and interview, the following steps may be taken:

First Violation

1. The student-athlete will be given the opportunity to take a drug test (at the student-athlete’s expense) or refuse the test.
2. If the student-athlete takes the test and the results are negative, there will be no sanctions.
3. If the student-athlete takes the test and the results are positive or if the student-athlete declines to take the test, the student-athlete will be required to complete an educational component arranged by the Athletic Training Staff (at the student-athlete’s expense.) The student-athlete may practice and compete during this time. However, failure to complete the educational component in the designated time frame will be considered a violation of the policy and may result in a Second Positive sanction. After the drug education component is completed the Athletic Training Staff will do a follow-up.
4. After the first violation, the student-athlete will be subject to athletic department random drug testing as the standard of reasonable suspicion has been established. A positive drug test of any of the NCAA banned drugs found in Bylaw 31 of the NCAA Manual is a violation of the University of Dubuque Substance Abuse Policy and will result in the posing of imposition of appropriate sanctions. Depending on the severity of the violation, the Director of Athletics may suspend a student-athlete from team practice, competition, weight training, and/or team travel.

THE HEAD COACH MAY IMPOSE GREATER SANCTIONS and UNIVERSITY RULES AND REGULATIONS MAY BE MORE STRINGENT THAN THIS POLICY AND MAY HAVE ADDITIONAL SANCTIONS.

Second Violation

A second violation will result in a minimum suspension of 10% of the regular season. If the violation occurs out of season, the suspension will begin at the start of the next season of competition. The student-athlete will also be required to attend mandatory counseling/education sessions arranged by the Athletic Training Staff. The same protocol listed under First Violation will be followed.

Third Violation

A third violation within the student-athlete’s career will result in the immediate removal of the student-athlete from the athletic program for one year. The student-athlete may submit a formal request detailing the reasons why the student-athlete seeks reinstatement. This formal request may include the reason and circumstances surrounding the violations, ways in which the student-athlete is seeking to address the pattern of drug and alcohol abuse, etc. The request for reinstatement must be filed within two weeks of the student-athlete being suspended or dismissed from the team.

Fourth Violation

If a fourth violation occurs during the student-athletes career the student-athlete will be permanently dismissed from participation in athletics at the University of Dubuque.

Conclusion

This substance abuse policy is in effect during the entire year. There is no difference between in season and out of season violations. Violations accrue during the entire academic and athletic career of the student-athlete at the University of Dubuque. The University of Dubuque retains the option to test for other substances at the discretion of the Director of Athletics or Team Physician. The University of Dubuque athletic program discourages the use of dietary supplements that are untested and unproven. Many supplements contain items that are banned; yet are not listed as ingredients. If a student-athlete knowingly or unknowingly takes a banned substance and tests positive, the student-athlete may lose athletic eligibility. Before ingesting any dietary substance, the student-athlete should first consult with the Athletic Training Staff.

Substance Abuse Protocol for the Student-Athlete

A qualified testing laboratory will be utilized for drug testing and a proper and effective chain of custody of collection specimens will be observed.

Screening results will be reported by Smeltzer-Kelly Student Health Center and/or web-based reporting to the UD Athletic Training Staff within twenty-four to twenty-eight (24-28) hours of obtaining the test results.

The UD Athletic Training Staff will immediately report the results to the UD Director of Athletics. The UD Director of Athletics will inform the Head Coach of the test results. The UD Director of Athletics will notify the student-athlete of the test results. If no notification is provided within ten days, the student-athlete may assume the test results were negative. The Medical Review Officer at Smeltzer-Kelly Student Health Center will conduct an interview with the student-athlete if there is a positive lab result.

Further information:

- NCAA Banned-Drug Classes (subject to change).
- Stimulants, Anabolic Agents, Substances Banned for Specific Sports, Diuretics, Street Drugs, Peptide Hormones and Analogues.

The NCAA list of banned-drug classes is subject to change by the NCAA Executive Committee. Contact NCAA education services or www.ncaa.org for the current list. The term "related compounds" comprises substances that are included in the class by their pharmacological action and/or chemical structure. No substance belonging to the prohibited class may be used, regardless of whether it is specifically listed as an example.

Many nutritional/dietary supplements contain NCAA banned substances. In addition, the U.S. Food and Drug Administration (FDA) does not strictly regulate the supplement industry. Therefore, purity and safety of nutritional/dietary supplements cannot be guaranteed. Impure supplements may lead to a positive NCAA drug test. The use of supplements is at the student-athlete's own risk. Student-

athletes should contact their institution's team physician or certified athletic trainer for further information (Bylaw 31.2.3.1.)

UNIVERSITY OF DUBUQUE CODE OF CONDUCT

The University of Dubuque is committed to being a "community where diversity is appreciated and Christian love is practiced." This commitment is reflected in the motto of the school, taken from I Corinthians 12:4, "Many Gifts, One Spirit." The University of Dubuque is a people called together by God in a common Christian mission. Students, faculty, staff, trustees, alumni/ae, friends, and administrators—people with diverse gifts and vocations—have been brought together by God to live in a covenant community in service to God and the world.

Early in the formation of God's people, the rules for life together were set down, "You shall not steal. You shall not bear false witness...You shall not covet" (Exodus 20). Paul summarizes these laws in his letter to the Romans with this commandment: "Love your neighbor as yourself" (Romans 13:9). Jesus summarizes it this way: "Do to others as you would have them do to you" (Matthew 7:12).

As a faith-based community of teaching and learning, we bind ourselves to live by these precepts. Having been blessed by God, we will seek daily to love and respect each other so that we may be a blessing to the world.

STUDENT CONDUCT PROCESS AND PROCEDURES

[Graduate, Seminary, and LIFE students – See specific information provided in your program handbook.]

Action Plan: The University will resolve its conflicts with justice and compassion. The following student conduct process and procedures will be utilized for UD students for violations of UD values, policies, and procedures.

Definitions

Hearing Officer: A University of Dubuque official who has been given the authority by the Vice President of Student Engagement and Intercollegiate Athletics or the Assistant Dean & Director of Student Guidelines to conduct a student conduct hearing.

Mission

The Mission of the Student Conduct Program at the University of Dubuque is the teaching of appropriate individual and group behavior, as well as protecting the campus community from disruption and harm. The program is designed to foster the ethical, moral, and spiritual development and personal integrity of students in the promotion of an environment that is in accord with the overall Mission and Values of the University.

Goals:

- Develop, disseminate, interpret, and enforce campus policies and regulations.
- Protect relevant legal rights of students.

- Deal with student behavior in an effective and efficient manner.
- Facilitate and encourage respect for campus governance.
- Provide learning experiences for students who participate in the operations of the student conduct system.

Philosophy

The basic student conduct philosophy at the University of Dubuque is one of education and focuses on the growth and development of students. Individuals found in violation of the values, policies, and procedures of the University of Dubuque are educated to accept responsibility and consequences for those actions, to respect the rights of others, and to develop self-discipline.

It should be understood that there is a fundamental difference between the nature of student discipline and that of criminal law. Regardless of the type of proceeding used, the disciplining of students must be consistent with the educational mission of the University. For this reason, the procedures employed and types of sanctions used on campus seldom resemble those used in the criminal process. Although students' rights to due process and fairness must be carefully protected, the rules of criminal law are neither required nor necessary to achieve the educational goals of University discipline. Therefore, legal counsel will only be allowed to participate or observe as an advisor in any student conduct proceeding at the University of Dubuque.

Responsibility

The formal responsibility for student conduct has been delegated by the President of the University to the Vice President of Student Engagement and Intercollegiate Athletics. The Vice President of Student Engagement and Intercollegiate Athletics may delegate another representative from the Office of Student Life authority for student conduct. Whether the discipline case is processed by the Vice President of Student Engagement and Intercollegiate Athletics or another designated hearing officer, the end goal remains the same—to redirect behavior into acceptable patterns and to protect the rights of all students.

Authority: Institutional

The primary authority for campus student conduct programs is the responsibility of the Vice President of Student Engagement and Intercollegiate Athletics. Violations of University academic policies are under the primary authority of the Vice President for Academic Affairs. Please see the Values Violations section for possible sanctions regarding academic violations.

Authority: Civil/Criminal

Activities of students may, on occasion, result in a violation of civil or criminal law. Although the University does not provide legal advice or retain counsel on the student's behalf, it may serve a supportive role to a student encountering legal difficulties. Students who violate the law may incur penalties prescribed by civil authorities. The student who violates University policies and/or Iowa state law in the course of his/her off-campus activities shall be subject to University disciplinary action. University action should be independent of community pressure.

The University reserves the right to enforce its own regulations against members of the University

community when the action occurs on or off-campus. In the event a violation of a student's rights and/or University policy and/or Iowa state law occurs off campus, the Vice President of Student Engagement and Intercollegiate Athletics may conduct an investigation through any means they feel appropriate to determine if this off-campus behavior poses a threat to the peace, safety, or learning environment on campus. If the investigation reveals such a threat, the Vice President of Student Engagement and Intercollegiate Athletics shall refer the case to the appropriate student conduct body for a hearing and possible sanctions.

Students may be liable to penalties by both civil and University authority, as in the case of underage drinking or providing alcohol to minors. This does not constitute double jeopardy. Since the University does not function as a sanctuary from law enforcement agencies, the University will cooperate fully with these agencies when they are investigating alleged criminal activities. The University may, at any time it deems necessary, call upon civil law enforcement officials to assist in the confrontation of any student who violates institutional policies, rules, and regulations that may also be a violation of civil law.

STUDENT CONDUCT PROCESS

Any member of the University community may file a complaint against any student for misconduct. Complaints shall be prepared in writing and directed to the Vice President of Student Engagement and Intercollegiate Athletics or their designee responsible for the administration of the University student conduct system. Any charge should be submitted as soon as possible after the event takes place. Any student and/or organization alleged of violating a regulation has the right to due process as outlined on the following pages.

Organizations so accused will be represented in the hearing process by their president and vice president or their designee. The advisor may be present during each step of the process, but only in an advisory capacity. The advisor may not address any hearing official.

Due Process

Due process is a concept of fundamental fairness. It is not a fixed or inflexible concept unrelated to time and circumstances. The courts have preferred to define it as the "gradual process of judicial inclusion and exclusion." Generally, due process embodies the concepts of fair play and reasonableness. In a nutshell, this means that if you adhere to the written standards of the student conduct process set forth by the Student Handbook, and these guidelines are fundamentally fair, the student's due process rights will be protected. When there are situations that are not clearly defined in the Student Handbook, it is safest to have a higher authority clarify the issue (i.e., the Vice President of Student Engagement and Intercollegiate Athletics.) Students who believe their due process rights have been compromised are able to request a new hearing through the appeal process.

Record Keeping

Academic and disciplinary records will be kept in separate locations. This minimizes the risk of improper disclosure of disciplinary information. Other than University expulsion, disciplinary sanctions shall not be made part of a student's permanent academic record, but shall become part of the student's confidential record kept in the Office of Student Life. Cases involving the imposition of sanctions other than residence hall expulsion, University suspension, or University

expulsion may be expunged from the students' confidential record seven years after the student graduates.

Coach, organization advisor, and other University employee notification:

Under FERPA, for students demonstrating an additional educational interest, the group leader may request information regarding the student's disciplinary file through the Office of Student Life. Examples of additional educational interest include, but are not limited to, departments reviewing applicants for Wendt Character Initiative, intercollegiate athletics, study abroad programs, and Peer Mentor applicants. The University of Dubuque reserves the right to inform the intercollegiate athletic administration and/or athletic coaches following allegations of violations of the Student Code of Conduct to promote campus safety and student well-being. Examples of allegations include, but are not limited to, theft, forgery, assault, stalking, harassment, stalking, and sexual harassment. The University of Dubuque reserves the right to inform the intercollegiate athletic administration for allegations of violations related to NCAA banned substance usage or allegations related to transfer status.

False Reports

The University will not tolerate intentional false reporting of incidents. It is a violation of the Student Code of Conduct to intentionally make a false report of any policy violation; this may also violate state criminal statutes and civil defamation laws. Violations will result in sanctions, ranging from verbal warning to expulsion, depending on the severity of the offense.

Amnesty

The University community encourages the reporting of sexual misconduct and Student Code of Conduct violations. Involved parties may be hesitant to report to University officials because they fear that they may be charged with policy violations, such as underage drinking at the time of the incident. It is encouraged that involved parties choose to report to University officials to ensure that they receive adequate resources. While violations to policy cannot be completely overlooked, the University will strive to provide educational options rather than punishment in such cases.

Hearing Procedure

Any student who is suspected of violating a University rule and regulation and denies the violation is guaranteed a timely and fair hearing. Appropriate safeguards of the due process have been built into the procedures so that no permanent or recorded penalty shall be given until the alleged violator has a fair opportunity to be heard. Appropriate appeals are also permitted.

Hearing Guidelines / Student Rights

The following procedural guidelines are established for the direction of all persons or bodies conducting formal hearings in student conduct matters:

- An appropriate University official will notify the student, through the student's University of Dubuque email, that the student is accused of violating a policy/regulation.
- The Vice President of Student Engagement and Intercollegiate Athletics, the Assistant Dean & Director of Student Guidelines, or their designee (usually a member of the Student Life staff) will conduct all initial formal hearings on student conduct matters.
- The student is entitled to an expeditious hearing of the case.

- The student may admit to the suspected violation and request that the official take whatever action seems appropriate.
- All hearings are private and confidential.
- In cases involving more than one student, any of the involved students may request that their case be heard separately.
- The hearing officer may choose to hear the cases separately.
- The student may examine written testimony of any witness (names may be withheld to protect witnesses.)
- The complainant, the alleged violator, or the hearing officer shall have the privilege of presenting witnesses.
- The student may be accompanied by an advisor of their choice at the hearing. The advisor is there only to advise the student. The advisor may not speak on behalf of the alleged violator.
- The student may refuse to answer questions (without implication of admitting violation of University values, policy, or procedure.)
- The student is entitled to an explanation of the reasons for any decision rendered against them.
- An appropriate sanction will be imposed as soon as possible. The student would retain the right of appeal if they felt the sanction imposed was not in keeping with the gravity of the violation.
- If the student fails to meet with a hearing officer within the designated time regarding an incident, the conduct process will proceed without their participation.
- If the student wishes to appeal the decision, they must do so in writing within three (3) school/business days. (Five (5) school/business days for Title IX cases only.) The Appeal Letter must be delivered to the designated Appeal Officer who will either act on the appeal or forward to the appropriate party depending on the origination of the hearing decision.
- The student shall be notified of their right to appeal an initial decision. Should the student appeal, any judgment assessed shall be suspended until acted upon by a higher body, unless the person's actions are considered dangerous to others.

STUDENT CONDUCT STRUCTURE

The guidelines indicated above shall be implemented as follows:

The Vice President of Student Engagement and Intercollegiate Athletics, in conjunction with the Assistant Dean & Director of Student Guidelines, is responsible for the student conduct structure at the University of Dubuque. Incident reports occurring within the resident student housing or by a resident student will most often be initially the responsibility given to a designated University official by the Vice President of Student Engagement and Intercollegiate Athletics or the Assistant Dean & Director of Student Guidelines. The designated University official then becomes a hearing officer. Students found in violation of University values, policies, or procedures may appeal. The appeal must follow all established guidelines as outline in this Student Handbook.

Process

In cases of original jurisdiction or appeals, the alleged violator shall be accorded the full right of due process as outlined. Hearing proceedings shall be conducted as outlined in this Student Handbook. Suspected violations of University policies or regulations shall be reported in writing to the Vice

President of Student Engagement and Intercollegiate Athletics, the Dean, the Assistant Dean, or their designee will serve as a hearing officer, will inform the alleged violator in writing of their rights of due process concerning the alleged violation and arrange for a hearing. Students found in violation of University values, policies, or procedures may appeal following the established guidelines.

Reasonable time extensions because of the alleged violator's inability to appear shall be granted, but normally limited to a single reschedule. A record of proceedings shall be kept including the name of the alleged violator, the complainant, the violation, the decision of the hearing officer, the reasons therefore, and the sanctions imposed. Pertinent records, exhibits, and written statements may be accepted as evidence for consideration by the hearing officer.

Rules of Evidence

There are varying standards of proof that are recognized in the various levels of civil proceedings. First, "substantive evidence" will most likely be required in the case before it reaches the board, meaning there must have been "enough" evidence as determined by University officials before the case would be adjudicated.

The three levels of evidence recognized in the civil courts are a "preponderance of evidence," "clear and convincing evidence," and "proof beyond a reasonable doubt."

A preponderance of evidence is when the existence of fact is more probable than not. The University of Dubuque uses this degree of evidence in order to establish responsibility or in violation. In most criminal cases, proof beyond a reasonable doubt is required to hold individuals responsible for a certain behavior. The courts have consistently viewed this degree of evidence necessary only in instances when life or liberty is at stake, thus, not requiring colleges or universities to adhere to such a strict standard.

Decisions

After hearing a case (of original jurisdiction), the hearing officer shall decide whether the student was or was not responsible for any of the alleged violations of the values, policies, or procedures with which the student is charged.

Should the student be found responsible for violating any of the University values, policies, or procedures, sanctions shall be determined in accordance with the severity of the violation. The Vice President of Student Engagement and Intercollegiate Athletics, in consultation with other Student Life staff, may immediately suspend any student from the University and/or residence facilities when that student threatens or causes physical harm to another student, or if the behavior of that student threatens the safety of other members of the community. (See the Clear and Present Danger section in this handbook.)

Appeals

Decisions may be appealed by the alleged student or complainant within three (3) school/business days of the decision. (Title IX cases allow for five (5) school/business days.) Appeals must be in writing and delivered to the UD appeal official named in the sanction letter.

Grounds for Appeal

All grounds for appeal shall be based on:

- The emergence of new evidence that was previously unavailable or unknown during the investigation or original hearing;
- The grounds that some aspect of this policy or procedure was not adequately followed that significantly impacted the outcome; or
- The sanctions imposed are substantially disproportionate to the severity of the violation or fall outside the range of sanctions the University has designated for the offense.

All appeals will be conducted in an impartial manner by designated Appeal Official that shall be convened for this express purpose. An appeal shall not be heard unless the student presents a written request for an appeal which touches on one or more of the three (3) Grounds for Appeal issues. The Appeal Official shall limit its inquiry to the issue(s) put forward in that complaint as these issues relate to its charge. If, in the opinion of the Appeal Official the appeal lacks merit, they have the power to refuse to accept the appeal. If the Appeal Official accepts the appeal, they shall review the reports and documentation from the original hearing.

Final Decision

After hearing an appeal, the Appeal Official may decide as follows:

- Accept the original decision.
- Direct the case to be reheard if it is determined there was a failure to provide due process.
- Accept the original decision, but reduce the sanction imposed.

The decision of the designated Appeal Official is final.

SANCTIONS DEFINED

Action Plan: Utilizing the resources at its disposal, the University will encourage all students to examine the moral and theological components of one's life. Sanctions for violation of University values, policies, or procedures are described in the following statements. Depending on the violation(s), a student may receive one or a combination of these sanctions.

Educational Sanction: May include attendance or implementation at educational programs, interviews with appropriate officials, referrals to appropriate University or community resources, community service, written reflections or educational essays, or any other educational activity that the Vice President of Student Engagement and Intercollegiate Athletics or their designee deems appropriate for the specific incident.

Loss of Privilege: Removes from the student a privilege of use, access, or participation for a specified length of time to be determined with the violation and student in mind.

Loss of Representation: Removes from the student the ability to represent the University through participation on intercollegiate sports teams (this includes, suiting up with the team or sitting with the

team during official games) and in any leadership roles on University committees and recognized student clubs or organizations for the duration of the time the sanction is in effect.

Responsibility Agreement: Defines the parameters of expected behavior for a given period of time. The agreement must be prepared by the student under the supervision of the designated hearing officer and be approved by the hearing officer before implementation.

A Responsibility Agreement should be designed with the specific violation and the student in mind and may include one or more of the following:

- A written apology to another person who has been offended or harmed through violation of an institutional policy, regulation, or requirement.
- Community service in which the student seeks to act in a positive manner and contribute to the community through a specific project or activity.
- A paper designed with the specific violation and student in mind in which the student is required to research a given topic and provide a written report on the nature of his or her research and findings. Specific paper proposals and deadlines will be agreed upon before implementation.
- Counseling in which the student and the Vice President of Student Engagement and Intercollegiate Athletics, or their designee, explore the nature of the issue and the reasons behind the specific violation in order to come to a resolution regarding future behavior. When extreme behavior indicates that professional counseling may be beneficial, the student may be referred.
- Participation in a co-curricular activity designed to help the person learn self-discipline and the value of being a part of a larger community.
- Any other creative educational or corrective experience designed specifically with the violation and the student in mind.

Restorative Practices: (Conversations or Restorative Circle) is meant for students to reflect on how they deal with conflict in their relationships with friends, roommates, family members, professors, university staff, strangers, and even themselves, and involves all parties coming together to share their perspective and learn more about harms created, effects of harms, and ways to repair the harms on the specified topic. Participants are encouraged to be open and honest about their perspectives, how they have been harmed, how they think others might have been harmed, and to come up with their own solutions on how to correct the situation. These solutions may result in a written formal agreement which the Responding Party agrees to complete as a result of the Restorative Circle sanction.

Restitution: Is the act of returning to another person something that has been stolen, or replacing that which has been lost, removed, damaged, or taken away. This includes reimbursement for repair or replacement costs of property (including clean-up costs) and, as it relates to persons, acknowledgment of intentional or unintentional wrong doing and compensation for that grievance in a way that restores and forgives all parties.

Reprimand: Is official notice, in writing, to a student reminding him or her that an institutional policy, regulation, or requirement has been violated and warns that person that a repeat of the offense will

lead to disciplinary action.

Disciplinary Warning: Serves notice to a student that his/her behavior has not met University standards. The period of disciplinary warning will be defined.

Disciplinary Probation/Final Disciplinary Probation: Serves notice to a student that his/her behavior is in serious violation of University standards. The period of disciplinary probation will be defined. If another violation occurs during this period of disciplinary probation/final disciplinary probation, the question of rendering a more severe sanction (suspension or expulsion) will be raised. A sanction of final disciplinary probation automatically places the student not in good behavioral standing which invokes the loss of representation sanction.

Suspension from the University: Is separation of the student from the University for a designated period of time, after which the student may reapply for admission. Any student who is readmitted to the University will be required to design a Responsibility Agreement with the Vice President of Student Engagement and Intercollegiate Athletics outlining behavioral expectations for a specified period of time. Normally that period of time will be a minimum of one semester and a maximum of two semesters.

Expulsion from the University: Is a permanent separation of the student from the University of Dubuque with no opportunity for re-application.

Clear and Present Danger: If, in the opinion of the Vice President of Student Engagement and Intercollegiate Athletics, a student is a clear and present danger to the community, these offices, in consultation with the President of the University, may suspend a student from the University pending a student conduct hearing (process described above) and an appeal process.

PARENT / LEGAL GUARDIAN NOTIFICATION POLICY

University personnel may, at times out of concern for a students' health, welfare, or in a grave emergency, (i.e. death of a student, etc.) notify parent(s)/legal guardian(s) of a student. When alcohol or drug violations of University policy occur and the student is under 21 years of age, University personnel may notify parent(s)/legal guardian(s) in writing and/or by telephone.

VALUES and VALUES VIOLATIONS

The University recognizes students' rights to respect and consideration and to the constitutionally guaranteed freedoms of speech, assembly, and association as long as they are consistent with the mission and stated policies of the institution. The University expects the same respect and consideration from students going through the student conduct process. The University further recognizes the students' rights within the institution to freedom of inquiry and to the reasonable use of the services and facilities of the University that are intended for his or her education.

In the interest of maintaining order on the campus and guaranteeing the broadest possible range of freedom to each member of the community, a list of Values and Value Violations has been developed and is listed in the Student Handbook. All students are responsible for knowing the policies, standards, and regulations that are printed in the Student Handbook and available on the UD website. The following forms of misconduct by a student, or student groups, or organizations and their officers are subject to disciplinary action when they occur on campus or off campus. Conduct that is displayed electronically may be subject to the student conduct process. Staff does not police online social networks for possible violations. However, if information concerning a potential violation is brought to the staff's attention, a hearing may be conducted to determine whether or not a violation has occurred.

If a student feels they have been a victim of, or has witnessed, any type of misconduct outlined within the Values of the University of Dubuque (Integrity, Worth of the Individual, Self-Discipline, Respect for Community Authority, and/or Respect for Property and Stewardship of the Campus Environment) they are strongly encouraged to report the incident(s) to a member of the Office of Student Life, a faculty/staff member, Human Resources, or Campus Safety & Security.

Action Plan: A value-laden education, which focuses on justice, ethics, and responsible stewardship within a globally diverse community, is emphasized. We are committed to the Christian faith, and our belief leads us to hold a basic set of beliefs and standards regarding personal and community behavior and the consequences that such behavior will attract. In light of our conviction, the following are examples of inappropriate behavior. This listing is not inclusive, but is intended to give you a good idea of the types of behavior that may result in disciplinary action and sanction(s). Some sanctions may also include police or community intervention as well as University sanctions. *Seminary students – please see specific information in Seminary section.*

Value: Integrity

[Graduate, Seminary, and LIFE students – See specific information provided in your program handbook.]

Violation:

Academic Dishonesty

Definition: Academic dishonesty is defined as, and is not limited to, cheating, plagiarism, fabrication of information, non-permitted collaboration on assignments, and misrepresentation of student status. Knowingly making false allegations of academic dishonesty against any student will itself be considered a form of academic dishonesty.

In any case of suspected academic dishonesty, the instructor will initiate a meeting with the student. If an allegation of academic dishonesty is founded, the instructor will notify the student of the finding in writing or by email and send a copy of the notification, along with the evidence, to the Associate Dean for Teaching & Learning, who will keep a file of all substantiated offenses. Each semester, the Associate Dean for Teaching & Learning will report all offenses to the Academic Standing and Admission Committee. *See more specific details regarding first, second, and third offenses in the section on Processes and Consequences of Academic Dishonesty.*

General Evidentiary Policy:

The faculty member alleging academic dishonesty must present evidence to the student to support the faculty member's finding. If the student chooses to appeal a finding of academic dishonesty, he or she must produce evidence to support the appeal. At each stage of the decision process, the student and the faculty member may present additional evidence, so long as it is directly relevant to the finding.

Course Withdrawal Restrictions:

Once a student is informed in writing of an allegation of academic dishonesty, the student may not withdraw from the course. However, if the student appeals and is found innocent of the allegation after the withdrawal deadline has passed, the student may then withdraw without penalty within five (5) calendar days after the student is notified of the decision.

Attendance of Support Person

Students can have a non-legal support person present during any meeting or appeal hearing. The non-legal support person may only communicate with the student and should refrain from addressing the instructor, the Dean, or members of the committee. The student must provide the name and relationship of the non-legal support person to the Academic Affairs Office a minimum of 24 hours in advance of any meeting or hearing. A language translator, arranged by the student, can be present.

Processes and Consequences of Academic Dishonesty

A determination of academic dishonesty will result in the imposition of the following sanctions. Particularly severe or egregious cases may result in the imposition of higher level or additional sanction(s).

First Offense: The student will be required to meet with the instructor to discuss the alleged Academic Dishonesty offense. The instructor will determine a finding of guilt or innocence. If the allegation is founded, a grade of zero will be recorded for the quiz, test, examination, or work in courses with a letter grade, and "No Credit" will be recorded for the quiz, test, examination, or work in Credit/No Credit grade courses. If the student fails to meet with the instructor, the matter will be resolved with the evidence presented and the student will lose the right to appeal the case any further.

After meeting with the instructor, the student may request an appeal of the unfavorable finding. An alleged first offense of academic dishonesty is appealable to the Associate Dean for Teaching & Learning. A student choosing to appeal will have 15 calendar days from the date on which the finding is made to schedule an appointment to meet with the Associate Dean for Teaching & Learning. The student should be prepared to provide evidence during the meeting to explain why the finding is false. Before deciding on the appeal, the Associate Dean for Teaching & Learning will discuss the student's appeal with the faculty member and any other persons they deem necessary to draw a just decision. The decision of the Associate Dean for Teaching & Learning is final.

Second Offense: After receiving notification of an allegation of a second offense of academic dishonesty, the student will be required to meet with the Associate Dean for Teaching & Learning.

After examining the evidence provided by the instructor and discussing the matter with the student, the Associate Dean will determine a finding of guilt or innocence. If the student fails to appear at the meeting, the matter will be resolved with the evidence presented, and the student will lose the right to appeal.

If the allegation is founded, a grade of “F” will be recorded for the course in which the offense occurred for courses with a letter grade, and “No Credit” will be recorded for Credit/No Credit grade courses. In addition to the above sanction, additional sanctions may be prescribed, such as ineligibility to represent the University in public performances and/or participate in recognized University activities (intercollegiate sports events, choir, student government, or other co-curricular program) for a specified period of time while enrolled at the University of Dubuque.

After meeting with the Associate Dean for Teaching & Learning, the accused student may request an appeal to an unfavorable finding. A second alleged offense of Academic Dishonesty is subject to appeal by the accused student to the Dean for Undergraduate Studies. An appeal must be submitted in writing to the Dean clearly explaining the reasons for and basis of the appeal along with evidence the appellant expects to submit at the hearing of the appeal. Students have 15 calendar days from the date on which the finding is made to submit an appeal to the appropriate office. Once an appeal has been submitted, the faculty member will be invited to respond to the appeal documents, and then a hearing will be scheduled with the Dean. The decision of the Dean is final.

Third Offense: After receiving notification of an allegation of a third offense of academic dishonesty, the student will be required to meet with the Associate Dean for Teaching & Learning to discuss the possible ramifications of a third offense and prepare the student for appearing before the Academic Standing and Admission Committee. The student will then be required to meet with the Academic Standing and Admission Committee to discuss the alleged Academic Dishonesty offense. After consulting with the faculty member and meeting with the student and any other persons they deem necessary, the Academic Standing and Admission Committee will determine a finding of guilt or innocence. If the student fails to appear at the meeting, the matter will be resolved with the evidence presented, and the student will lose the right to any further appeal regarding the matter. In addition to recording a grade of “F” for the course in which the offense occurred for courses with a letter grade or a “No Credit” for Credit/No Credit courses, the student may be subject to academic dismissal from the University. Academic Dismissal is defined as the loss of privilege to enroll as a student at the University of Dubuque. Students who are academically dismissed are normally not eligible to return to the University.

Should the Academic Standing and Admission Committee recommend academic dismissal, the student may appeal the decision to the Vice President for Academic Affairs. After consulting with the faculty member and meeting with the student, the Vice President for Academic Affairs will make the final determination whether to dismiss the student. If the student remains at the University, the student may not be eligible to represent the University in public performances and/or participate in recognized University activities, such as intercollegiate sports events, or other co-curricular programs for the remainder of the time he or she is enrolled at the University of Dubuque.

The decision of the Vice President for Academic Affairs (undergraduate student) is final and not

subject to appeal by the student.

Level	Action	Minimum Possible Consequence(s)	Appeal Process
First Offense	Meet with the instructor.	Grade of -0-; no credit for specific assignment. Cannot withdraw from course.	Associate Dean for Teaching & Learning
Second Offense	Meet with the instructor. Meet with the Associate Dean for Teaching & Learning.	Fails course. May not be eligible to represent the University in public performances and/or participate in recognized University activities, such as intercollegiate sporting events, or other co-curricular programs.	Dean for Undergraduate Studies
Third Offense	Meet with the instructor. Meet with the Associate Dean for Teaching & Learning. Appear before the Academic Standing and Admission Committee.	Fails course up to academic dismissal from school. If student fails course, they may not be eligible to represent the University in public performances and/or participate in recognized University activities, such as intercollegiate sporting events, or other co-curricular programs. Cannot withdraw from course.	Vice President for Academic Affairs

Identity Fraud

All forms of academic dishonesty are considered serious violations of the ethical standards of the University of Dubuque, but one that is considered particularly egregious is identity fraud. Any student who has another person impersonate him or her, or in any other way commits identity fraud in any course, exam, or other academic exercise, will be dismissed from the school. Whether a first, second, or third offense, the student should follow the appeal process identified under the Third Offense outlined above.

Artificial Intelligence Addendum

Artificial intelligence (AI) is a remarkable tool that, if used properly, can solve problems, save time,

and increase productivity. However, AI can also stymie creativity and the development of cognitive functions that can be developed during college-level work, thereby reducing the value of your undergraduate education. The below addendum was created in part utilizing ChatGPT to show the tool's value but was also vetted and adapted by the office of the Vice President of Academic Affairs.

1. Definition of AI Plagiarism: Plagiarism in the context of this policy refers to the use of any form of Artificial Intelligence (AI) or machine-generated content without proper attribution or permission, leading to the submission of work that is not the original work of the student.
2. Prohibited Use of AI: students are strictly prohibited from using AI or any other machine-generated content for completing assignments, projects, research papers, theses, or dissertations without proper authorization or citation.
