Residency Policy

The University of Dubuque is a residential campus. Our residency policy states that all students having earned less than 90 credits will reside in campus housing units, space permitting, unless they meet one of the following criteria:

- Married and living with a spouse
- Have and living with a child/children or legal dependent
- Living with and commuting daily from the home of an immediate relative (parent, grandparent, sibling, legal guardian) within 50 miles of Dubuque
- Extenuating circumstances (please explain)

If you would like to seek an exemption from this policy for any reason, including those mentioned, you are asked to complete an exemption form that you can obtain from your Admissions counselor or the Office of Residence Life. Your request will be reviewed and a written response will be forwarded to you. Students discovered to be living off-campus without written approval from the Director of Residence Life will be required to provide documentation that proves compliance with the policy. **Students who do not comply with this policy may be charged applicable housing fees for on campus housing.**

Having read this application, I understand the above guidelines as stated.
